Pricing and Delivery Information

PRICES:

Prices are subject to change without notice and the price list with the later date supersedes all previous price lists.

Prices do not include charges for cartoning, installation, or inside delivery.

Cartoning charges will be added to orders weighing under 250 lb.

DELIVERY:

All prices include delivery outside the Zone 1 region.

Zone 1 includes Washington, Oregon, Alaska, Hawaii, and British Columbia. Prices in Zone 1 reflect Factory Will Call. Zone 1 dealer discounts are adjusted accordingly.

A freight surcharge will be added to Zone 2 orders totaling less than \$5,000 LIST. The freight surcharge will be 10% of NET invoice total.

A Fuel Surcharge will be added to all orders that include delivery. Please see our website <http://www.magnadesig.com> for current details.

Standard delivery will be made on a dock-to-dock basis or to a sidewalk. Should you have special requirements such as inside delivery or prior notification please contact Magna Design's traffic department. Special delivery requirements will be handled on an as-available basis and will likely result in additional charges.

All Shipments are FOB Magna Plant, Lynnwood, Washington.

MagnaCad Information

MagnaCad

The MagnaCad graphic and specification package includes the complete Equations symbol library for 2D layout drawings and 3D isometric illustrations. The Equations symbol library is linked directly to specification and pricing information.

Access Equations components by model or description. Both left and right orientations are provided as needed for each model.

Equations product graphic and specification packages are available for use with 20-20 GIZA software, Data One's Design Express software and Project Matrix's Project Spec software. Software such as 20-20 GIZA, Design Express or Project Spec may be purchased directly from the software provider. Magna provides just the graphic and specification information for our product lines that can be used in these third party software products.

LIFETIME Limited Warranty

MAGNA DESIGN warrants that its products are free from defects in design, material, and workmanship under normal use and with proper care and maintenance. This warranty will remain in effect for the following period of time, commencing with the date of purchase from MAGNA DESIGN but only so long as the original purchaser continues to own the product:

- WoodPlus2 finishes on products purchased January 2002 or later - **LIFETIME**
- Drawer slides - **LIFETIME**
- **LIFETIME for ALL PRODUCT and COMPONENTS**, not listed below
- Healthcare products - **ten (10) years**
- Electrical components and functional mechanisms, like keyboard trays - **five (5) years**
- Wood finishes - **three (3) years.**

During the term of this Warranty, MAGNA DESIGN will repair or replace with the same or comparable product or part without charge any product or part that malfunctions or fails to conform to this Warranty. THIS REMEDY OF REPAIR OR REPLACEMENT IS PURCHASER'S SOLE AND EXCLUSIVE REMEDY WITH REGARD TO ANY PRODUCT DEFECT.

This Warranty does not apply to:

- Any damage caused during shipment.
- Any product installed or used other than in accordance with MAGNA DESIGN guidelines.
- Any product that has been repaired, altered, or modified by any person other than MAGNA DESIGN.
- Any attachment added to a product.
- Any fabric or upholstery material.
- Any part or material provided by Purchaser.
- Any damage caused by misuse, abuse, or negligence on the part of Purchaser or any third party.

THERE ARE NO OTHER WARRANTIES, EITHER EXPRESSED OR IMPLIED, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE. UNDER NO CIRCUMSTANCES WILL MAGNA DESIGN BE LIABLE FOR ANY CONSEQUENTIAL OR INCIDENTAL DAMAGES ARISING FROM ANY PRODUCT DEFECT.

This warranty is in effect for products shipped on or after May 1, 1998.

Terms and Conditions

QUOTATIONS:

Price quotations on non-catalog or special orders will not be valid after thirty (30) days without written approval from Magna Design, Inc.

CREDIT TERMS

Net thirty (30) days after invoice date upon credit approval.

ORDERING :

When ordering, please include complete identification and description of the product being ordered using Magna Design specifications and terminology. All orders must be in writing.

TELEPHONE ORDERS:

All telephone orders must be confirmed with a written purchase order.

ACKNOWLEDGMENTS:

All orders when accepted will be acknowledged by mail indicating the terms and conditions by which the order was accepted and a description of the items being ordered. Orders will be completed and shipped in accordance with the information on the acknowledgment. If the acknowledged information is incorrect we must receive written instruction to change.

CHANGE ORDERS:

Order entry will take place upon receipt of an ENTERABLE purchase order from an authorized Magna Design dealer.

Once the order has been entered, no changes are allowed on MAGNA NOW! orders.

For orders not on the MAGNA NOW! shipping program, order changes will be subject to a minimum \$25 processing fee. Actual change order charges may be higher depending on the status of the job at the time a change is made.

CANCELLATIONS:

A 15% minimum restocking charge will be applied on cancellations of standard products. Cancellations will not be accepted on special or custom products.

RETURNED GOODS:

Returned merchandise will not be accepted for return without twenty (20) days prior written notice and written Returned Goods Authorization (RGA) from Magna. Returned goods will be subject to a minimum 15% restocking and refurbishing charge in addition to shipping costs. (See Warranty policy for defective goods.)

LEAD TIMES:

To current accounts with approved credit, Magna FLEX *enterable* orders will be made available (in standard finishes) within 4 to 6 weeks. All orders are subject to current inventories. Leadtimes may vary according to factory volume.

To current accounts with approved credit, Magna NOW! *enterable* orders in standard finishes will be made available 10 *working days* after receipt of *enterable* order. *Working day* = Monday through Friday except factory holidays.

Day 1 (of 10) starts upon receipt of *enterable* order before 2:00 PM Pacific Time.

Will Call orders will be ready at 2:00 PM of Day 10.

Leadtimes may vary according to factory volume.

DELIVERY:

Orders will be delivered in accordance with the delivery dates indicated on the order acknowledgment and partial shipments may be made unless the order instructions indicate that an order must be shipped complete.

SHIPPING:

We reserve the right to use our own discretion in selecting routes and freight carriers. We will attempt to meet any special routing requirements that you may have but assume no liability for damages or costs incurred by our inability to do so.

FUEL SURCHARGE:

Effective June 1, 2007, we implemented a fuel surcharge. Please contact customer service or visit our website for current information.

STORAGE:

Storage charges will be charged on orders not accepted or picked up within five (5) days of acknowledged delivery dates unless we are notified thirty (30) days in advance. Storage will be charged at the rate of 2% for the first fifteen (15) days delay and 3% for each fifteen (15) day period thereafter.

FREIGHT CLAIMS:

Before signing a delivery receipt, make certain that goods are inspected for possible damage. If there is visual damage, record the extent of the damage on all copies of the bill of lading before signing. If there is no visual damage to goods that are cartoned or crated, we strongly suggest that the merchandise be unpacked and inspected immediately. If damages are discovered, save the packaging and contact the carrier immediately for inspection. Claims for damages should be filed with the delivering carrier and payment for the goods may not be withheld pending settlement of the carrier damage claims. Magna assumes no liability for freight damage or the workmanship or cost of repairs made by others without prior written authorization.

SPECIFICATIONS:

All published dimensions and weights are approximate and we assume no liability for errors or inaccuracies in product literature. We reserve the right to modify or change product design and/or delete product models without prior notice.

FINISHES:

We take great care in matching color and texture of materials in our product. However, it is impossible to guarantee exact matching in all cases.

Equations Standard Specifications

The Equations modular casegoods group is designed to offer maximum reconfiguration flexibility for the small office environment. Equations is a storage based system, shipped ready to assemble and provides a wide variety of configurations. Equations is offered in WoodPlus and ColorPlus laminates with matching 3mm PVC edges. Assemblies with P tops are handed. All other assemblies are non-handed and can be setup either Left or Right.

SPECIFICATION HIGHLIGHTS

All exposed laminate surfaces shall be Magna WoodPlus laminate. Standard finishes shall include WoodPlus wood grain patterns as described in the finishes section. Pedestals, lateral files, hutches, overheads and end support panels are also available in ColorPlus laminates.

Edge Bands

Standard tops and support panels are banded with 3mm PVC. Bottom edges of support panels are additionally banded with 3mm PVC to insure a structural base for leveling glides. Drawer fronts are banded with matching .020 PVC.

Tops

All Equations tops are 1-1/8" thick. The three ply balanced construction consists of a 45 LB industrial board core surfaced with WoodPlus laminate and a balancing backer sheet.

Maximum unsupported span for worksurfaces is 42".

Maximum span for TOP SUPPORT RAIL is 56".

Maximum span for MODESTY PANEL is 72".

Top edges

Worktop edges are 3mm woodgrained PVC and may be finished with your choice of the Smooth EQ edge, with the Reeded EQR edge or with the Neoclassic EQN edge on the worktops only.

Pedestals and Cabinets

In an component or layout, pedestal and / or cabinet configuration is already specified.

When ordered as a component part, pedestals are available in: BBF Box Box File with Lock; FF File File with Lock; BDL Box drawer, Door hinged Left, both Locked; BDR Box drawer, Door hinged Right, both Locked; DSL Door hinged Left with Lock; DSR Door hinged Right with Lock.

When ordered as a component part, cabinets are available as LF two lateral file drawers with Lock, AC Combo-A with Lock, BC Combo-B with Lock, DS Door storage, OS Open storage.

End Panels, Hutch Ends and Hutch Shelves

All end panels, hutch ends and hutch shelves are 1-1/8" thick, three ply balanced construction. Bottom edges of support panels are additionally banded with 3mm PVC to insure a structural base for leveling glides. End panels, and hutch ends are constructed with vertical grain patterns. All Equations end panels are supplied with support brackets.

Drawer Fronts, Doors, Modesty Panels, Back and Side Panels

All drawer fronts, doors, pedestal and cabinet case sides and back, modesty panels and hutch backs are 3/4" thick, three ply balanced construction.

Modesty panels are available with horizontal grain patterns which are parallel to the work surface or with vertical grain patterns on Modesty Panels up to 60" long. Desk and credenza modesty panels are typically constructed with horizontal grain.

Drawer fronts, pedestal and cabinet sides and backs are constructed with vertical grain patterns.

Drawers

All drawers are constructed as a five sided box with separate attached drawer faces. This technique ensures superior structural integrity and easy drawer front replacement. Standard drawers are of miter fold construction with a black vinyl finish and matching high density harBBFoard bottom. Applied drawer pull is screw fastened for maximum strength.

Filing Capabilities

All file drawers are provided with file holders configured for letter front to back and legal side to side filing. Lateral file drawers are provided with file holders configured for side to side filing. Hardware is finished in a matte black.

Drawer Suspension

Pedestal box drawers utilize three quarter extension ball bearing, 75 LB rated slides.

Lateral File drawers and Pedestal File drawers utilize full extension progressive action ball bearing, 150 LB slides. Lateral Files are equipped with an anti-tilt device for safety.

The EQ-PM-BF mobile pedestals Box and File drawers utilize full extension progressive action ball bearing 100 LB slides.

Locks

Locks are included on all drawer pedestals and lateral files. Combo-A and Combo-B include lock for the lateral file and file drawers. The two box drawers in Combo-A and Combo-B do not lock.

Removable lock cylinders provide for keying alike or re-keying in the field. An optional Cylinder change tool is available to re-key locks, please contact Customer Service.

Equations Standard Specifications

Hutches

Equations hutches are available as open, flipper door, hinged doors, shaped hinged doors, glass doors with aluminum or glass doors with WoodPlus frames. All include a valance. Worklights can be mounted below fixed shelf for additional lighting. All hutches are pre-drilled for wire dividers which are available upon request.

Flipper doors have horizontal grain, all other doors have vertical grain.

Hutches can only be installed on worksurfaces with full depth support, i.e. 24" deep tops and support components or 30" deep tops and support components.

Hinged Door pull is screw fastened for maximum strength. Pull not available on glass doors.

Adjustable Glides

All free standing components are equipped with threaded stem adjustable glides. Glides are set in threaded inserts fitted in a PVC edge band for structural integrity.

Wire Management

Grommets are included on corner tops. Finish is satin black.

Grommets are located so that Rectangular, Corner and Radius End tops are non-handed. P tops are handed with or without a grommet. Bow front tops are handed when a grommet is added.

Worklight

All worklights are UL labeled and have a built in diffuser. Finish is black.

Finishes

Equations components are available in WoodPlus finishes with a matching WPE WoodPlus wood grained PVC edge. Pedestals, cabinets and end support panels are also available in ColorPlus laminates.

Magna WoodPlus laminate finish consists of a unique combination of wood products and resins thermofused under high temperature and pressure into a single, wood grained or solid color structural panel. Work surfaces are WoodPlus high pressure. Panel edges are finished in matching PVC.

Cleaning and Care

WoodPlus / ColorPlus may be cleaned with mild cleaning agents that contain no abrasives, bleach or bleach substitutes. Under no circumstances can acetone or polish remover be used to clean any of the surfaces. Using it will void the warranty on the product and can do considerable damage to the surface.

Specifications subject to change without notice.

EQUATIONS² Product Specifications

Product Overview

Equations² products consist of components and accessories in a variety of existing and new shapes and layouts.

Equations² is a storage based system, shipped ready to assemble and provides a wide variety of configurations.

Configurations with P tops and Comma top are handed. Bow tops with a grommet are handed.

All other components are non-handed and can be setup either Left or Right.

SPECIFICATION HIGHLIGHTS

All exposed surfaces shall be Magna WoodPlus² / ColorPlus² laminates. Standard finishes are described in the finishes section.

Equations² Components and Equations² Shapes Components

Tops

All WoodPlus² tops are 1-1/8" thick with a formed edge. WoodPlus² top construction consists of a 48 LB MDF core surfaced with rigid thermoformed polymer-based decorative composite sheet and a balancing backer sheet.

Top Grain Direction

WoodPlus² tops are standard with grain running the length of the top.

Edges

WoodPlus² / ColorPlus² horizontal and vertical surfaces come with rounded, soft edges that are a seamless and integrated part of the surface. A softer 'USER EDGE' and a 'JOINT EDGE' are integrated on tops.

Pedestals and Cabinets

In an component or layout, pedestal and / or cabinet configuration is already specified.

When ordered as a component part, pedestals are available in: BBF Box Box File with Lock; FF File File with Lock; BDL Box drawer, Door hinged Left, both Locked; BDR Box drawer, Door hinged Right, both Locked; DSL Door hinged Left with Lock; DSR Door hinged Right with Lock.

EQUATIONS² Product Specifications

When ordered as a component part, cabinets are available as LF two lateral file drawers with Lock, AC Combo-A with Lock, BC Combo-B with Lock, DS Door storage, OS Open storage.

End Panels, Hutch Ends and Hutch Shelves

All end panels, hutch ends and hutch shelves are 1-1/8" thick, three ply balanced construction. Bottom edges of support panels are additionally banded with 3mm PVC to insure a structural base for leveling glides. End panels, and hutch ends are constructed with vertical grain patterns. End panels are supplied with support brackets.

Drawer Fronts, Doors, Modesty Panels, Back and Side Panels

All drawer fronts, doors, pedestal and cabinet case sides and back, modesty panels and hutch backs are 3/4" thick, three ply balanced construction.

Modesty panels are available with horizontal grain patterns which are parallel to the work surface or with vertical grain patterns on Modesty Panels up to 60" long. Desk and credenza modesty panels are typically constructed with horizontal grain.

Drawer fronts, pedestal and cabinet sides and backs are constructed with vertical grain patterns.

Drawers

All drawers are constructed as a five sided box with separate attached drawer faces. This technique ensures superior structural integrity and easy drawer front replacement. Standard drawers are of miter fold construction with a black vinyl finish and matching high density hardboard bottom. Applied drawer pull is screw fastened for maximum strength.

Filing Capabilities

All file drawers are provided with file holders configured for letter front to back and legal side to side filing. Lateral file drawers are provided with file holders configured for side to side filing. Hardware is finished in a matte black.

Drawer Suspension

Pedestal box drawers utilize three quarter extension ball bearing, 75 LB rated slides.

Lateral File drawers and Pedestal File drawers utilize full extension progressive action ball bearing, 150 LB slides. Lateral Files are equipped with an anti-tilt device for safety.

The EQ-PM-BF mobile pedestals Box and File drawers utilize full extension progressive action ball bearing 100 LB slides.

Locks

Locks are included on all drawer pedestals and lateral files. Combo-A and Combo-B include lock for the lateral file and file drawers. The two box drawers in Combo-A and Combo-B do not lock.

Removable lock cylinders provide for keying alike or re-keying in the field. An optional Cylinder change tool is available to re-key locks, please contact Customer Service.

Hutches

Equations² hutches are available with hinged doors, shaped hinged doors or glass doors with WoodPlus² frames. Worklights can be mounted below fixed shelf for additional lighting. All hutches are pre-drilled for wire dividers. All Hutches include a valance.

All doors have vertical grain and are full overlay with a rounded edge profile.

Hutches can only be installed on worksurfaces with full depth support, i.e. 24" deep tops and support components or 30" deep tops and support components. Hinged Door pull is screw fastened for maximum strength.

Adjustable Glides

All free standing components are equipped with threaded stem adjustable glides. Glides are set in threaded inserts fitted in a PVC edge band for structural integrity.

Locks

Locks are standard on all lateral file and file drawers. Locks are available on hinged doors as an option.

Removable lock cylinders provide for keying alike or re-keying in the field.

Wire Management

Optional wire managers are available. Finish is satin black.

Worklight

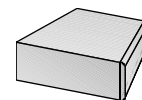

All worklights are UL labeled and have a built in diffuser. Finish is black.

Finishes

WoodPlus² / ColorPlus² components are manufactured using thermoformed polymer based, decorative composite sheets in wood grain, speckle and solid patterns. The result is a seamless component with formed edges and exceptional wear and appearance characteristics.

Cleaning and Care

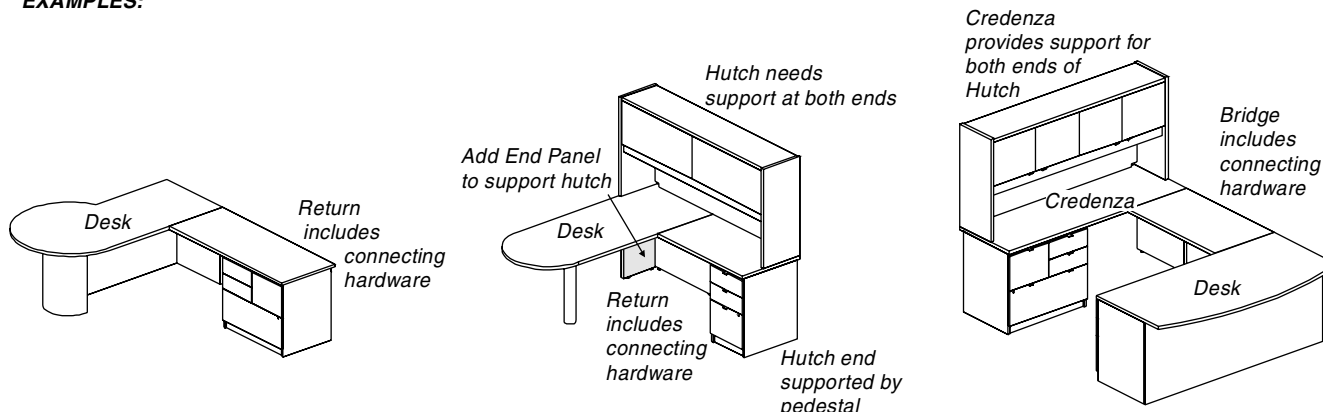

WoodPlus² / ColorPlus² may be cleaned with mild cleaning agents that contain no bleach or bleach substitutes. Under no circumstances can acetone or polish remover be used to clean any of the surfaces. Using it will void the warranty on the product and can do considerable damage to the surface.

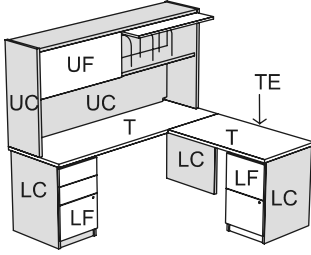

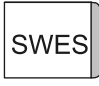

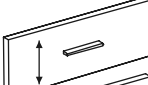

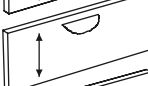

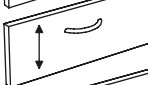

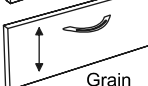

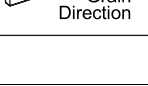

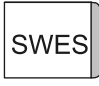

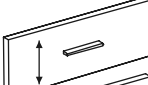

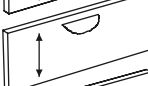

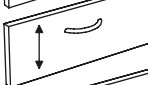

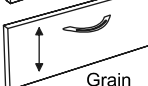

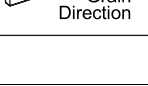

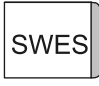

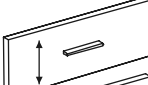

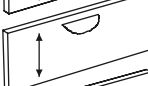

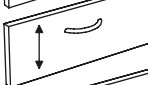

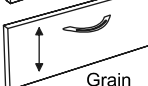

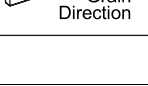

How to layout Equations

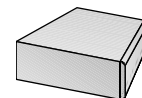

- STEP 1:** Layout Desks, Bridges, Returns, Credenzas, Overheads, Storage as needed using Equations components and/or component parts
- STEP 2:** Support both ends of every Hutch, Both ends of bridge top connect to adjacent desks, credenzas or corners. One end of return top connects to the adjacent desk, credenza or corner.

EXAMPLES:

- STEP 3:** Answer the Specification questions for all components

For MagnaNOW! Fabrics, please see the FPW section (next page)
 Most standard Guilford Panel Fabrics are available on MagnaFLEX lead time.
 If the fabric is not listed in our specifications,
 please contact factory for Fabric Grade, availability, lead time and pricing.
 Pricing shown is for Magna designated Fabric Grades A, B, C.

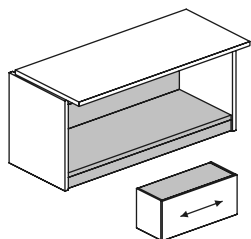

Hutch fabric panels "FPI" are shipped as two piece units when 72" or longer in length.

For COM fabric, please use the pricing shown above. A sample of the COM fabric plus the fabric specifications such as width of roll, directional or non-directional is required.

*Equations Standard qualifies for MAGNA NOW! 10 day shipping program except for models with glass doors.

You must specify MAGNA NOW! on your purchase order. For large orders, please check with Customer Service to verify leadtime.

Equations Component Parts layout procedures

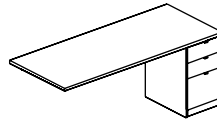

Step 1: Layout what you want

This layout should include the following:

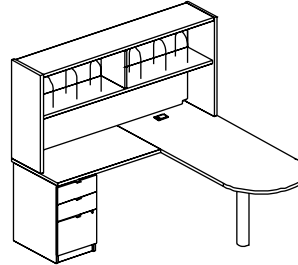

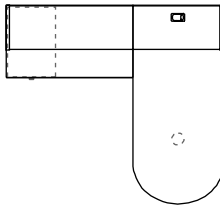

- TOPS
- LOWER STORAGE
- HUTCHES, WALL MOUNTED OVERHEADS
- MODESTY PANELS, as desired
- BOOKCASES, LATERAL FILES, TACKBOARDS, ETC.

Step 1 examples:

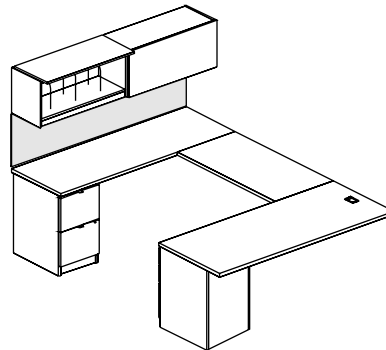

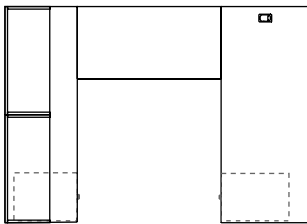

30 x 72" Top with
Single Storage Pedestal

30 x 72" Radius End Desk
48" Return with Storage Pedestal
Hutch Spanning Return & Desk

U shape unit with 30 x 72" Desk
48" Bridge and 24 x 72" Credenza
Flipper Door Wall Mount Overheads

Then, use the next two steps to complete the assembly, build in structural stability and create a complete list of necessary components.

*Equations Standard qualifies for MAGNA NOW! 10 day shipping program, except for models with glass doors.

You must specify MAGNA NOW! on your purchase order. For large orders, please check with Customer Service to verify leadtime.

Equations Component Parts layout procedures

Step 2: Support both ends of every hutch and every top

2A: Each HUTCH needs support directly below each end.

Pedestal, Lateral File, End Panel MUST match the depth of the top when a hutch is placed on top. Hutches NOT available on 36" deep tops.

The following components can be used to support a hutch end

- Pedestal (EQ-PED-...)
Lateral File (2 drawer EQ-CAB-LF....)
- Door Storage or Open Storage
- End Panel
- Modesty Panel

2B: Each end of DESK and CREDENZA top requires support directly below it.

One of the DESK top or CREDENZA top ends MUST have one of the following:

- Lower Storage
- Corner Assembly
- Adjacent Bookcase or Lateral File

The other end of the DESK top or CREDENZA top may have any of the above support items or

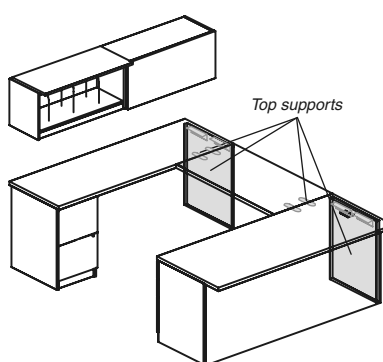

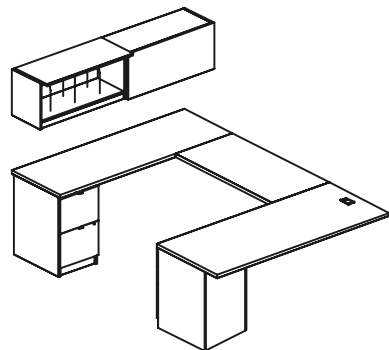

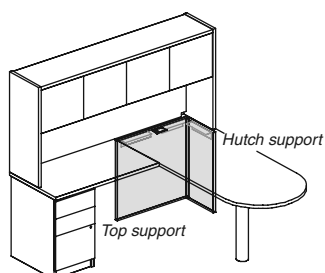

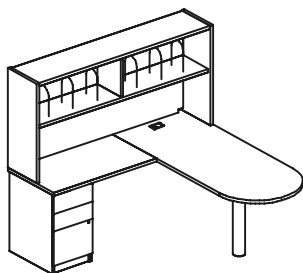

- End Panel

Note that if supporting a hutch placed above end panels at both ends of a DESK or CREDENZA top, then one of the end panels must be removed and either LOWER STORAGE, BOOKCASE or LATERAL FILE must support one end of this top.

2C: Each end of BRIDGE and RETURN top requires support.

Any of the following can support either, or both, ends of a BRIDGE or RETURN top.

- Lower Storage
- Corner Assembly
- Adjacent Bookcase or Lateral File
- End Panel
- Top connecting hardware such as Splice Plate Ovals or Splice Plate Oval with Angle Bracket

*Equations Standard qualifies for MAGNA NOW! 10 day shipping program, except for models with glass doors.

You must specify MAGNA NOW! on your purchase order. For large orders, please check with Customer Service to verify leadtime.

Equations Component Parts layout procedures

Step 3: Check the top SPAN for length and add additional support as needed

3A: Spans less than 42" require NO additional support

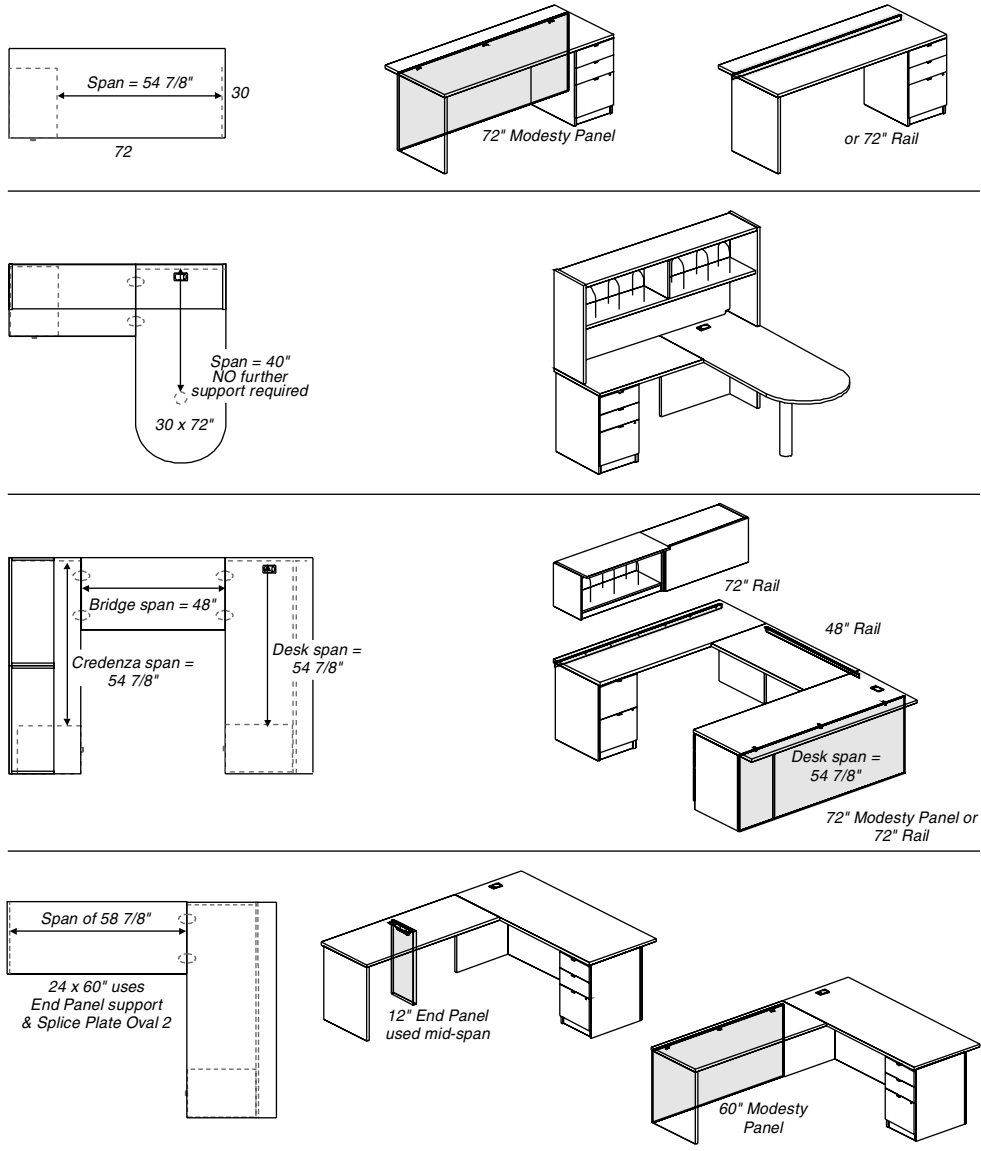

- Modesty Panels may be used, but are not required.

3B: Spans over 42" but less than 56" require the addition of one of the following:

- EQ-TOP-RAIL (matches top length)
- Modesty Panel (matches top length)
- End Panel placed mid-span

Spans over 56" require the addition of either of the following:

- Modesty Panel (matches top length)
- End Panel placed mid-span

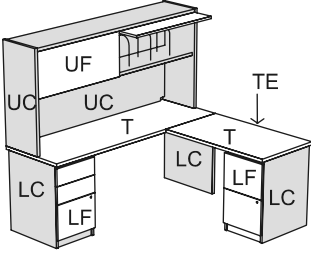

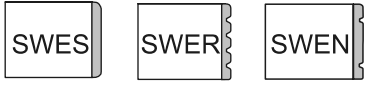

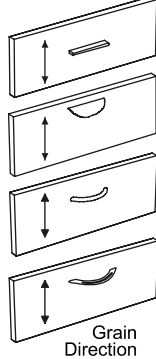

***Equations Standard qualifies for MAGNA NOW! 10 day shipping program, except for models with glass doors.**

You must specify MAGNA NOW! on your purchase order. For large orders, please check with Customer Service to verify leadtime.

How to layout Equations² components

STEP 1: Layout Desks, Bridges, Returns, Credenzas, Overheads, Storage as needed using Equations² components.

STEP 2: Support both ends of every Hutch.
Both ends of Bridge top connect to adjacent desks, credenzas or corners
One end of Return top connects to the adjacent desk, credenza or corner.

EXAMPLES:

STEP 3: Answer the Specification questions for all components:

Please Specify:

for Worktops

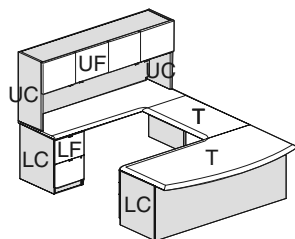

T - Worktop finish

for Lower

LC - Cabinet case, Modesty Panels, End Panels finish
LF - Lower face finish
- Pull number

for Hutches/Overheads

UC - Top, ends and back finish
UF - Upper doors, Tower doors finish
Pull number

NOTES:

- 29 high matches worktop height.
- 29 high includes one adjustable shelf (does not accommodate two rows of binders)
- 36 high includes one adjustable shelf.
- 42, 48 high includes two adjustable shelves.
- 60, 65 high includes three adjustable shelves.
- 72 includes four adjustable shelves.
- 84 includes five adjustable shelves.

Adjustable shelves are 13 1/2" deep. Weight limit is 100 lbs per shelf.

36" wide bookcases are available at the same price, change the 30 to 36 in the model number.

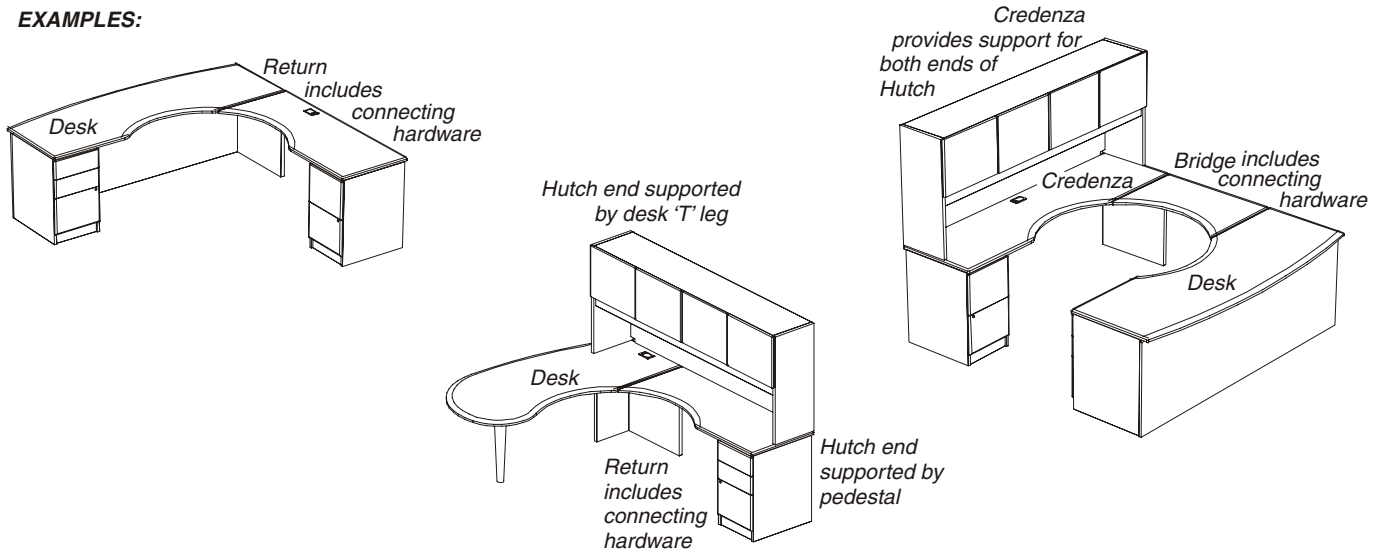

How to layout Equations² Shapes components

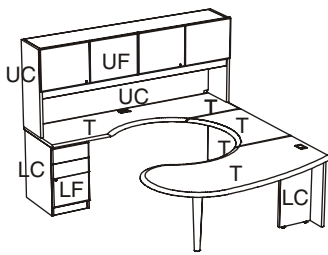

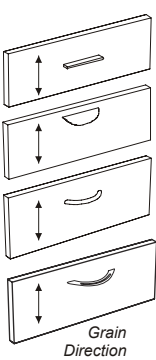

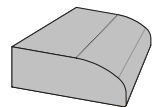

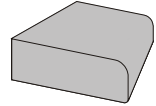

STEP 1: Layout Desks, Bridges, Returns, Credenzas, Overheads, Storage as needed using Equations² Shapes.

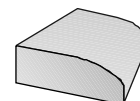

STEP 2: Support both ends of every Hutch,
Both ends of Bridge top connect to adjacent desks, credenzas or corners
One end of Return top connects to the adjacent desk, credenza or corner.

EXAMPLES:

STEP 3: Answer the Specification questions for all components

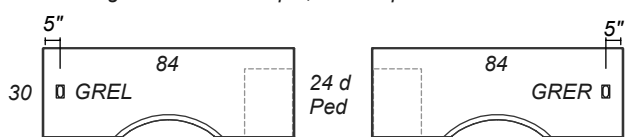

<p>Please Specify :</p> <p><u>for Worktops</u> T - Worktop finish</p> <p><u>for Lowers</u> LC - Cabinet case, Modesty Panels, End Panels finish LF - lower face finish - Pull number</p> <p><u>for Hutches/Overheads</u> UC - Top, ends and back finish UF - upper doors, tower doors finish Pull number</p> 	<p>Available Finishes:</p> <p>Worktops, Drawer & Door Faces:</p> <table border="0"> <tr> <td>WoodPlus²</td> <td>WoodPlus² XTRAS*</td> </tr> <tr> <td>WP2-45 Anigre</td> <td>WP2-65 Beech</td> </tr> <tr> <td>WP2-71 Dark Cherry</td> <td>CP2-78 Bronze</td> </tr> <tr> <td>WP2-81 Fusion Maple</td> <td>CP2-74 Platinum</td> </tr> <tr> <td>WP2-31 Medium Cherry</td> <td>WP2-75 Port</td> </tr> <tr> <td>WP2-41 Natural Maple</td> <td>WP2-18 Shadow Oak</td> </tr> <tr> <td>WP2-61 Pear</td> <td></td> </tr> <tr> <td>WP2-23 Cordovan</td> <td></td> </tr> </table> <p>*XTRA finishes add \$600 per finish per order</p> <p>ColorPlus² CP2-28 Med. How to layout Equations² Shapes components

Equations² Shapes available grommet locations

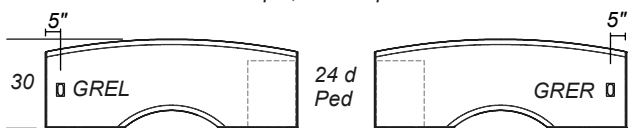

Rectangular Desk worktops , 30" deep

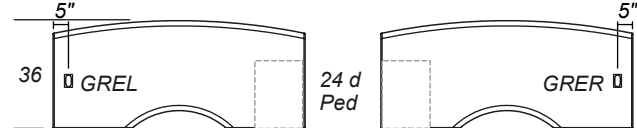

Rectangular Desk worktops , 36" deep

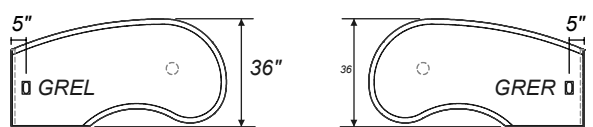

Bow Front Desk worktops , 30" deep

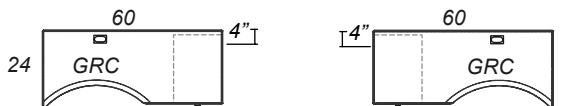

Bow Front Desk worktops , 36" deep

Comma Desk worktops

Return worktops, 24" deep

Bridge worktops, 24" deep

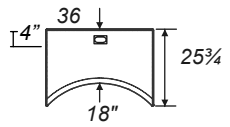

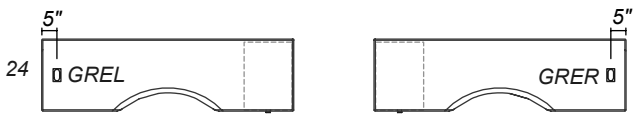

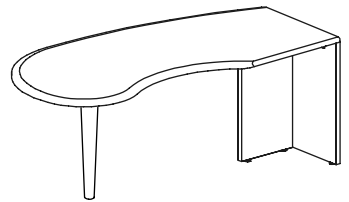

Table Desk, 30" deep

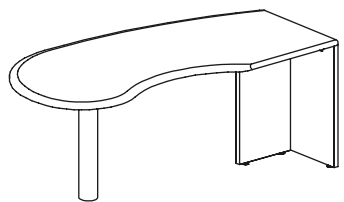

Rectangular Credenza worktops, 24" deep

Tapered Leg Option

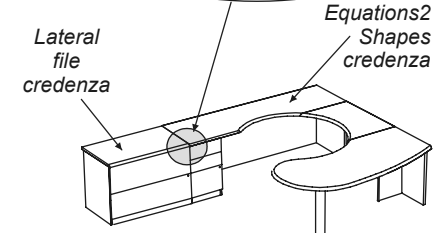

with Tapered Leg (optional)

with 4" column base (default)

Note that the Equations² Shapes credenza in the U 'cockpit' station has a 'joint' edge over the pedestal and the worksurface on the adjacent lateral file credenza has an 'ergo' edge along the user side. This creates a mis-matched joint. Please order the lateral file credenza with a 'joint' edge along the user side.

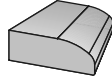

EQUATIONS² Shapes - Configuration Examples

Equations2 Shapes WoodPlus2 Configurations

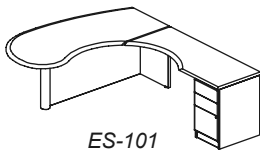

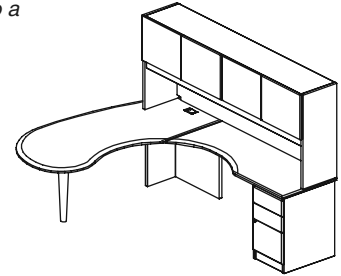

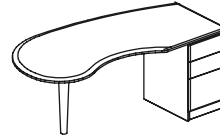

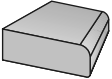

WoodPlus² is a polymer material thermoformed under pressure and vacuum into a seamless, one-piece surface with an integrated edge.

WoodPlus² Worktops include both:

user edge

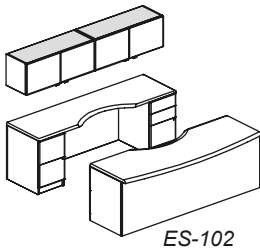

joint or hutch edge

Wire Management

Coil Wire	CWM-BASE	3	3	1	2	58
Manager	CWM-WIRE-MANAGER	2	2	27	3	48

Does not include grommet or grommet cutout.
Mounts to underside of top.
Optional CWM-BASE weighted base is available.
Black finish.

Vertebrae Wire	VWM-WIRE-MANAGER	2	2	27	4	117
Manager						

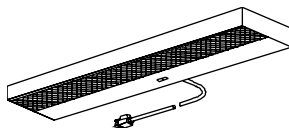

Does not include grommet or grommet cutout.
Mounts to underside of top.
Weighted base is included.
Black finish.

Grommet	GR	1.75	3.5			48
----------------	-----------	------	-----	--	--	-----------

Grommet opening: 1-3/4 x 3-1/2.
Specify Location. Left End, GREL, Right End, GRER or Center, GRC.

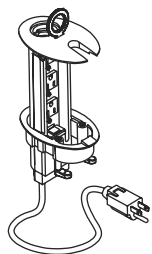

Tasklights

Tasklights	WL24	7	21	2	3	79
	WL30	7	27	2	3	86
	WL36	7	33	2	3	99
	WL42	7	39	2	4	108
	WL48	7	45	2	5	115

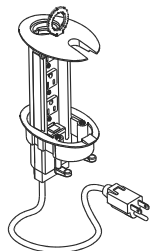

Includes 8 feet long cord extending from center back of light. Work lights have built-in diffusers.

Pop-up INSERTS that can be used in grommet cutouts

Work Height	WHT-INSERT	1.75	3.5	5	1	148
Triplex						

The WHT INSERT is used in an existing grommet cutout. Order Grommet separately.
WHT is a work surface pop-up with three outlets and is provided with a 6 foot cord.
Pull-up size: 1-3/4 x 3-1/2 x 5-1/8 high when extended.
Finish is satin Black.

Power Data	PDC-INSERT	1.75	3.5	5	1	138
Combination						

The PDC INSERT is used in an existing grommet cutout. Order Grommet separately.
PDC is a work surface pop-up with two outlets; it accepts one receptacle plate to be supplied by your electrical contractor or supplier.
PDC does not include any receptacles or receptacle plates.
Pull-up size: 1-3/4 x 3-1/2 x 5-1/8 high when extended.
Finish is satin Black.
