Pricing and Delivery information

PRICES:

Prices are subject to change without notice and the price list with the later date supersedes all previous price lists.
Prices do not include charges for cartoning, crating, installation, or inside delivery.
Cartoning or crating charges will be added to orders weighing under 250 lb.

DELIVERY:

All prices include delivery outside the Zone 1 region.

Zone 1 includes Washington, Oregon, Alaska, Hawaii, and British Columbia. Prices in Zone 1 reflect Factory Will Call. Zone 1 dealer discounts are adjusted accordingly.

A freight surcharge will be added to Zone 2 orders totaling less than \$10,000 LIST. The freight surcharge will be 10% of NET invoice total.

A fuel surcharge will be added to Zone 2 orders over \$10,000. This will vary depending upon on the fuel index that is published by the Energy Information Administration on the first Monday of each month and is used by the trucking industry to adjust their rates.

The surcharge will be waved on full truck loads to a single location with a net value of \$30,000 to the West region, \$45,000 Midwest region and \$60,000 East region.

For current fuel surcharges and for a map of regions, please visit our website at www.magnadesign.com.

Standard delivery will be made on a dock-to-dock basis or to a sidewalk. Should you have special requirements such as inside delivery or prior notification please contact Magna Design's traffic department. Special delivery requirements will be handled on an as-available basis and will likely result in additional charges.

All Shipments are FOB Magna Plant, Lynnwood, Washington.

MagnaCad

The MagnaCad graphic and specification package for Reception 50 layout drawings and 3D isometric illustrations is scheduled to be ready in late 2007.

Until then please contact customer service for current quotes and drawings.

Reception 50 product graphic and specification packages are available for use with 20-20 GIZA software, Data One's Design Express software and Project Matrix's Project Spec software. Software such as 20-20 GIZA, Design Express or Project Spec may be purchased directly from the software provider. Magna provides just the graphic and specification information for our product lines that can be used in these third party software products.

LIFETIME limited warranty

MAGNA DESIGN warrants that its products are free from defects in design, material, and workmanship under normal use and with proper care and maintenance. This warranty will remain in effect for the following period of time, commencing with the date of purchase from MAGNA DESIGN but only so long as the original purchaser continues to own the product:

Drawer slides - **LIFETIME**

LIFETIME for ALL PRODUCT and COMPONENTS, not listed below

Healthcare products - **ten (10) years**

Electrical components and functional mechanisms, like keyboard trays - **five (5) years**

Wood finishes - **three (3) years**.

During the term of this Warranty, MAGNA DESIGN will repair or replace with the same or comparable product or part without charge any product or part that malfunctions or fails to conform to this Warranty. THIS REMEDY OF REPAIR OR REPLACEMENT IS PURCHASER'S SOLE AND EXCLUSIVE REMEDY WITH REGARD TO ANY PRODUCT DEFECT.

This Warranty does not apply to:

Any damage caused during shipment.

Any product installed or used other than in accordance with MAGNA DESIGN guidelines.

Any product that has been repaired, altered, or modified by any person other than MAGNA DESIGN.

Any attachment added to a product.

Any fabric or upholstery material.

Any part or material provided by Purchaser.

Any damage caused by misuse, abuse, or negligence on the part of Purchaser or any third party.

THERE ARE NO OTHER WARRANTIES, EITHER EXPRESSED OR IMPLIED, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE. UNDER NO CIRCUMSTANCES WILL MAGNA DESIGN BE LIABLE FOR ANY CONSEQUENTIAL OR INCIDENTAL DAMAGES ARISING FROM ANY PRODUCT DEFECT.

This warranty is in effect for products shipped on or after May 1, 1998.

Terms and Conditions

QUOTATIONS:

Price quotations on non-catalog or special orders will not be valid after thirty (30) days without written approval from Magna Design, Inc.

CREDIT TERMS

Net thirty (30) days after invoice date upon credit approval.

ORDERING :

When ordering, please include complete identification and description of the product being ordered using Magna Design specifications and terminology. All orders must be in writing.

TELEPHONE ORDERS:

All telephone orders must be confirmed with a written purchase order.

ACKNOWLEDGMENTS:

All orders when accepted will be acknowledged by mail or email indicating the terms and conditions by which the order was accepted and a description of the items being ordered. Orders will be completed and shipped in accordance with the information on the acknowledgment. If the acknowledged information is incorrect we must receive written instruction to change.

CHANGE ORDERS:

Order entry will take place upon receipt of an ENTERABLE purchase order from an authorized Magna Design dealer.

Once the order has been entered, no changes are allowed on MAGNA NOW! orders.

For orders not on the MAGNA NOW! shipping program, order changes will be subject to a minimum \$25 processing fee. Actual change order charges may be higher depending on the status of the job at the time a change is made.

CANCELLATIONS:

If a cancellation is accepted, a 15% minimum restocking charge will be applied on cancellations of standard products.

Cancellations will not be accepted on special, modified or custom products.

RETURNED GOODS:

Returned merchandise will not be accepted for return without twenty (20) days prior written notice and written Returned Goods Authorization (RGA) from Magna. Returned goods will be subject to a minimum 15% restocking and refurbishing charge in addition to shipping costs. (See Warranty policy for defective goods.)

LEAD TIMES:

To current accounts with approved credit, Magna FLEX *enterable* orders will be made available (in standard finishes) within 4 to 6 weeks. All orders are subject to current inventories. Leadtimes may vary according to factory volume.

To current accounts with approved credit, Magna NOW! *enterable* orders in standard finishes will be made available 10 *working days* after receipt of *enterable* order. *Working day* = Monday through Friday except factory holidays.

Day 1 (of 10) starts upon receipt of *enterable* order before 2:00 PM Pacific Time.

Will Call orders will be ready at 2:00 PM of Day 10.

Leadtimes may vary according to factory volumes.

DELIVERY:

Orders will be delivered in accordance with the delivery dates indicated on the order acknowledgment and partial shipments may be made unless the order instructions indicate that an order must be shipped complete.

SHIPPING:

We reserve the right to use our own discretion in selecting routes and freight carriers. We will attempt to meet any special routing requirements that you may have but assume no liability for damages or costs incurred by our inability to do so.

STORAGE:

Storage charges will be charged on orders not accepted or picked up within five (5) days of acknowledged delivery dates unless we are notified thirty (30) days in advance. Storage will be charged at the rate of 2% for the first fifteen (15) days delay and 3% for each fifteen (15) day period thereafter.

FREIGHT CLAIMS:

Before signing a delivery receipt, make certain that goods are inspected for possible damage. If there is visual damage, record the extent of the damage on all copies of the bill of lading before signing. If there is no visual damage to goods that are cartoned or crated, we strongly suggest that the merchandise be unpacked and inspected immediately. If damages are discovered, save the packaging and contact the carrier immediately for inspection. Claims for damages should be filed with the delivering carrier and payment for the goods may not be withheld pending settlement of the carrier damage claims.

Magna assumes no liability for freight damage or the workmanship or cost of repairs made by others without prior written authorization. SPECIFICATIONS:

All published dimensions and weights are approximate and we assume no liability for errors or inaccuracies in product literature. We reserve the right to modify or change product design and/or delete product models without prior notice.

Reception 50 Specifications

The Reception 50 group is designed to offer a contemporary reception station design, shipped ready to assemble and provides a wide variety of configurations.

FINISHES:

We take great care in matching color and texture of materials in our product. However, it is impossible to guarantee exact matching in all cases.

SPECIFICATION HIGHLIGHTS

All exposed laminate surfaces shall be Magna WoodPlus laminate. Standard finishes shall include WoodPlus wood grain patterns as described in the finishes section. Pedestals, lateral files, hutches, overheads and end support panels are also available in ColorPlus laminates.

Edge Bands

Desk tops are 1.5" thick and are banded with 3mm PVC or 3mm hardwood.

Transaction tops are available in a wide variety of PVC or hardwood edges.

Drawer fronts and doors are banded with matching tape.

Tops and top edges

All Reception 50 tops are 1.5" thick. The three ply balanced construction consists of a 45 LB industrial board core surfaced with WoodPlus laminate and a balancing backer sheet.

Desks

Desks are designed with all the required top support as well as all required assembly hardware.

Each desk end requires a return, pedestal, cabinet or to be bracketed to the floor at each end to ensure stability.

Floor brackets are not included.

Transaction tops

Standard thickness is 1.5", except when specified edge profile requires 1.75" thick top.

Desk transaction tops are available in TT Rectangular, TZ Trapezoid or BO Bow Front shapes.

Curved corner transaction tops are available with TT Rectangular Desk transaction tops on both sides.

Return transaction tops are available in TT Rectangular shape.

All upright vertical supports are included with each Transaction Top.

Filler panels

Filler panels are available to fill the space between the transaction top and desk and between two vertical upright supports.

Grain runs vertically on filler panels. May be specified in a matching, complementary or contrasting finish including metal.

Accent panels

Accent panels are available to fit below the desktop and stop 6" above the floor and fit between the vertical upright supports.

Grain runs vertically on accent panels. May be specified in a matching, complementary or contrasting finish including metal.

Adjustable Glides

All free standing components are equipped with threaded stem adjustable glides. Glides are set in threaded inserts fitted in a PVC edge band for structural integrity.

Wire Management

Optional grommets are available. Finish is satin black.

Optional wiremanagers are available.

Worklight

All worklights are UL labeled and have a built in diffuser. Finish is black.

Finishes

Reception 50 components are available in WoodPlus finishes with a matching WPE WoodPlus wood grained PVC edge. Pedestals, cabinets and end support panels are also available in ColorPlus laminates.

Magna WoodPlus laminate finish consists of a unique combination of wood products and resins thermofused under high temperature and pressure into a single, wood grained or solid color structural panel. Work surfaces are WoodPlus high pressure. Panel edges are finished in matching PVC.

Cleaning and Care

WoodPlus / ColorPlus may be cleaned with mild cleaning agents that contain no abrasives, bleach or bleach substitutes.

Under no circumstances can acetone or polish remover be used to clean any of the surfaces. Using it will void the warranty on the product and can do considerable damage to the surface.

How to layout Reception 50 stations

Desk depth	For 'standard' depth		For 'deeper' depth	
	depth of top	with TTOP	depth of top	with TTOP
Rectangle desk top	24.00	33.00	27.00	36.00
Bow Front desk top	26.50	35.00	29.50	38.00
Trapezoid desk top	30.00	37.00	33.00	40.00

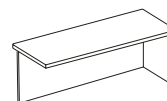

Note: both ends of each desk need to be secured with one of the following:

- return, either Reception 50 or Series 50
- pedestal, lateral file or combo cabinet
- bracketed to the floor - hardware supplied by installer

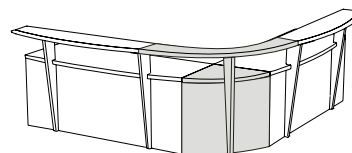

Step 1 Choose the desk - this will choose the size and shape of the main desk
As shown in Configuration R50-104 you may choose two or three desks that can be joined using the corner tops

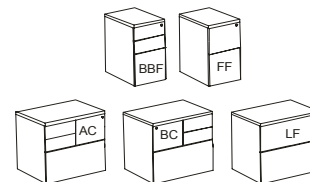

Step 2 Choose any returns that will support a transaction top
The returns have a rectangular top and connect directly to the desk from Step 1

Step 3 Choose any corner tops and curved corner verticals if needed.
If you wish to add a curved corner transaction top, you need to include the curved corner WoodPlus vertical: R50-VERT-CRNR-WP

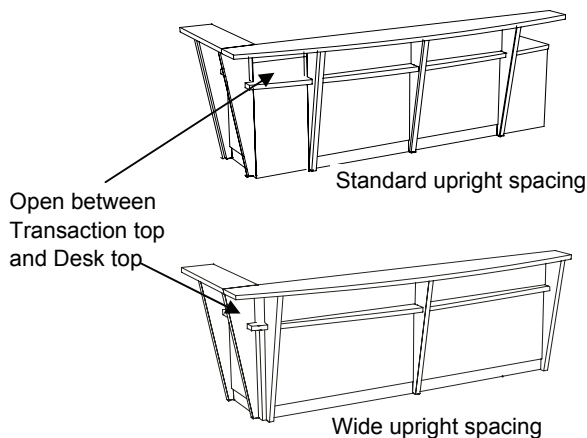

Step 4 Choose the pedestals, lateral files and combo cabinets
These provide the needed storage as well as the counterweight to the transaction tops.
At both ends of all units, one of the following is needed to stabilize the reception unit: pedestal, cabinet, desk, bridge or credenza.
If none are included, the end panel must be bracketed to the floor when installed. Brackets to attach the end panel to the floor are not included.

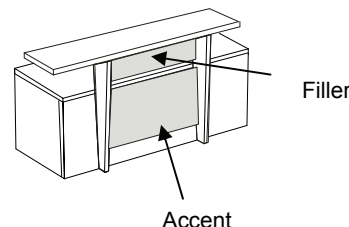

Step 5 Choose the transaction tops with the appropriate upright spacing for your needs
For desks choose the R50-TTOP-... models
For corners choose the R50-CTOP-.... Models
For returns choose the R50-RTOP-,,, models

The transaction tops with 'standard' upright spacing overhang up to 18" past the upright.

The transaction tops with 'wide' upright spacing are positioned within a few inches of the end of the transaction top. When used with the 'filler' panels between the transaction top and worktop, the 'wide' upright spacing provides more worktop privacy.

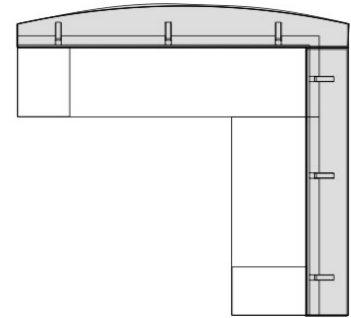

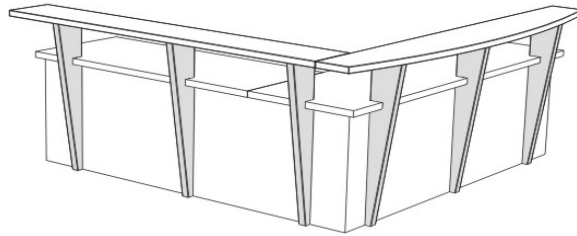

Step 6 Choose the filler panels and accent panels
Filler panels fit between the worktop and transaction top.
Accent panels are below the worktop and 6" above the floor.

Step 7 Choose the transaction top and worktop edges and inlays
