GENERAL INFORMATION

Order Information
Mail or fax all orders or inquires to:

The Taylor Desk Company
11020 Santa Fe Avenue
Lynwood, CA 90262
Phone: 310-631-6727
Fax: 310-604-3338
E-Mail: info@thetaylorcompanies.com

All orders are subject to acceptance by The Taylor Desk Company. Orders will not be released for production until all information is complete. Orders must include the following information:

- Quantity
- Model Number
- Wood Finish
- Hardware Style & Finish
- Left or right sitting, where applicable
- Grommet locations, where applicable
- Diagram for multi-component configurations & custom wire management

Pricing and specification information for the seating shown in the Heritage brochure can be found in the Taylor Chair Price List. Please contact Customer Service for additional information.

Phone and E-Mail Orders
Taylor Desk accepts phone and e-mail orders; however, a mailed or faxed purchase order marked "confirming" must follow immediately. Duplication of an order not marked "confirming" is the responsibility of the customer.

GSA Contract
The Heritage Series is on GSA Contract (**#GS-28F-0047J**). Please contact Customer Service or visit our website (www.thetaylorcompanies.com) for more details.

Special Orders
The Heritage Series is among the most flexible in the industry in accommodating specialized product requirements. Should a particular need arise requiring size modification or customization of product, please contact Customer Service for a quotation. A non-refundable, minimum deposit of 50% of the quoted price is required on all special orders. Orders requiring special materials or construction are not subject to cancellation and Taylor Desk will not accept return of such orders. Lead time for special orders will be quoted at the time the order is received.

Terms and Credit Policy
Terms are 2% 10 days, net 30 days. All prices are list prices, uncartoned (blanket wrap), F.O.B. Lynwood, CA. Freight charges are not included (see Taylor Freight Program, page 3). Prices are subject to change without notice and all orders are accepted subject to prices prevailing at time of shipment. Distribution of this price list does not constitute an offer to sell. New customers are required to complete and return a credit application in full and make a minimum deposit of 50% of their first order, unless other arrangements have been made.

Past due accounts of 10 days or more are subject to being placed on credit hold until satisfactory arrangements are made. Any account that has an unpaid invoice that is 30 days past due will be placed for collection. Notification will be sent at such time. The customer will be responsible for all collection costs in the event their account must be placed for collection.

Acknowledgements
Orders can not be acknowledged until complete information is received (see Order Information above). Each order will be entered, scheduled into production, and invoiced based upon information in the acknowledgement. It is the customer's responsibility to check acknowledgements for accuracy. Immediately notify Taylor Desk in writing of any discrepancies. **The printed acknowledgement is the final agreement between Taylor Desk and the customer, superseding all previous communications regarding the order.**

Changes and Cancellations
Orders are not subject to change or cancellation once production has begun. Order revisions may be subject to schedule and price adjustments. The customer will be liable for the full price of any order which is cancelled or changed once production has begun.

Routing
We will ship via customer's carrier specified, where practical. If no instructions are received, we will ship via whatever carrier, in our opinion, is best. For your convenience, the Taylor Freight Program is an available routing option whereby a guaranteed freight cost will be added at the time of your invoice from Taylor Desk (see page 3).

Storage
Taylor Desk has made no provision for storage. If the customer is unable to accept delivery of furniture as scheduled, the customer has the sole responsibility to provide new shipping instructions and all costs related to the delay and/or storage of the product are the responsibility of the customer. **Taylor Desk is not responsible for the condition of product that is stored or installed in an environment where temperature and humidity are not controlled.**

Installation and Maintenance
Proper installation and maintenance of Taylor Desk casegoods is the responsibility of the customer. Improperly installed units can result in permanent damage and are not covered under product warranty.

Electrical Components
Electrical components are U.L. listed. Compliance with electrical and building codes are the sole responsibility of the customer.

Designs
Designs in our catalog and price list are the property of Taylor Desk. Taylor Desk reserves the exclusive right to produce and market them. Some of the designs in our catalog and price list have design patents pending. Anyone who duplicates or reproduces them will be liable for patent infringement. Taylor Desk retains the right to change, at any time, materials or construction methods which, in our opinion, will improve our product. All measurements in the catalog and price list are approximate.

10 Year Limited Warranty
The Taylor Desk Company (Taylor) warrants to the first purchaser for use that its merchandise is free of defects in material and workmanship for a period of ten (10) years from date of invoice, provided that such merchandise is listed in Taylor's current price list at the time of the claim. Taylor's obligation under this warranty is limited to repair or replacement, at its option, and such repair or replacement shall be the only remedy. Because wood is a natural product, variations in grain and finish color may occur. Therefore, Taylor cannot guarantee the matching of grain or color. Taylor is not responsible for damage due to transportation, improper handling, alteration, abuse, negligence, or damage that occurs during storage. Taylor shall not be liable for any incidental or consequential damages including, but not limited to, any expenses associated with the removal or installation of any defective merchandise covered by this warranty. Taylor makes no implied warranty of merchantability or fitness for any particular purpose. **ALL OTHER WARRANTIES, EXPRESSED OR IMPLIED, ARE EXCLUDED.**

Glass Tops
It is not recommended to place glass tops on wood tops because they create a moisture trap that could damage the wood surface. **The use of glass tops may void the product warranty should damage occur.**

Manufacturing Defects
Claims of manufacturing defects will not be entertained without prior inspection by a Taylor representative. Unauthorized deduction in payment of invoices will not be allowed without prior factory approval.

TAYLOR DESK FREIGHT PROGRAM
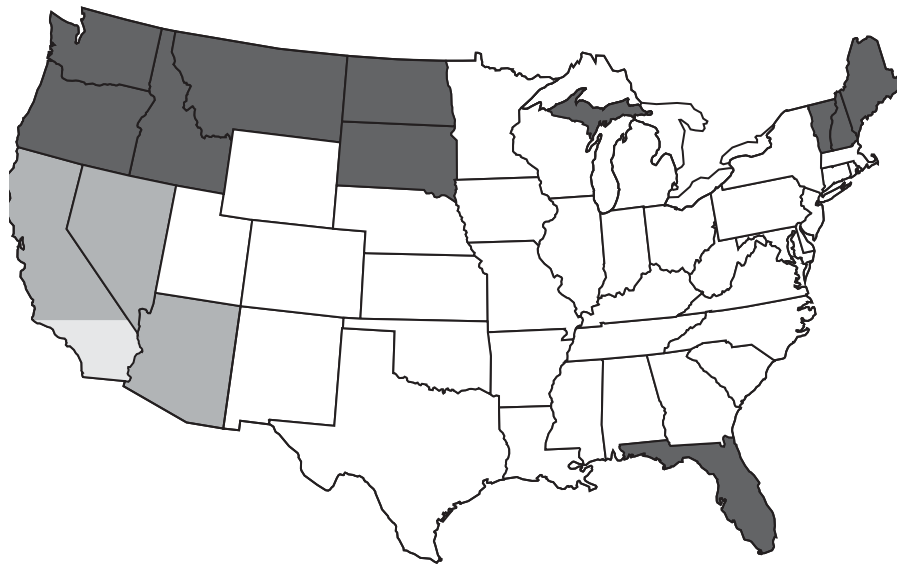

ZONE 1:
4% of the net order or **$240 net**, whichever is greater

ZONE 2:
6% of the net order or **$360 net**, whichever is greater

ZONE 3:
9% of the net order or **$540 net**, whichever is greater

ZONE 4:
10% of the net order or **$600 net**, whichever is greater

General Information
Taylor Desk offers a guaranteed freight rate through the optional Taylor Freight Program. All orders must be marked "**Taylor Freight Program**" and include accurate freight charges as a separate line item (see above). Invoicing for freight charges using this program will appear on the invoice for the order. This charge applies for dock-to-dock with "driver no touch" delivery to one destination only and does not include unloading or inside delivery. Taylor Desk reserves the right to select the carrier, and in most cases, will ship blanket wrapped.

The delivery location must be equipped with a dock and be fully accessible to a 53' tractor-trailer. The customer must provide all labor necessary to unload the shipment. **Customer must make certain that entrances, elevators, etc. are adequate for large units and/or tables.** Most items (except conference tables, workwalls, L-shape and U-shape desk configurations, etc.) are completely set up prior to shipping. Please contact Customer Service if desks need to be shipped partially assembled to accommodate an installation in close quarters.

Shipping Schedule
Taylor Desk is committed to the most prompt shipment possible of all its products. Taylor Desk assigns orders to a projected ship date for production purposes. Actual ship date may vary 3-5 working days for freight consolidation. Taylor Desk is not liable for failure to ship by the acknowledged shipping date or any other date. Taylor Desk is not liable for a delay or failure in shipment or performance if the delay or failure is caused by an act or omission of the customer; civil disturbances; dispute with or among labor unions; acts of God; delays in transportation; or other similar causes that are not within Taylor Desk's reasonable control.

Call Before Delivery
Since carriers charge back for call before delivery requests, an additional $25 net charge will be added to orders that request a call before delivery.

Additional Charges
Rates are based on dock-to-dock "driver no touch" deliveries made Monday through Friday, 8 a.m. until 5:00 p.m. The dealer warehouse must also be specified on the order. Delivery direct to a jobsite, as well as date and time specific deliveries, may be arranged. In most cases, additional freight charges will incur. Contact Customer Service for quote on your delivery requirements. Any charges arising from failure to meet a shipment, rerouting while in transit, or carrier storage charges are NOT included in the pricing shown. Charges resulting from late deliveries beyond our control are not the responsibility of Taylor Desk.

Cartoning
If cartoning is requested, add 20% of the net price to each item as a separate charge on the order. There is no additional cartoning charge for occasional tables.

Freight Claims and Damaged Shipments
We take great care in the handling of our finished product. All Taylor Desk products are carefully inspected, protected with well-engineered packaging, and expertly loaded from our dock. All shipments are delivered to the carrier in good condition and our liability ceases at that time. **Therefore, we strongly recommend that all furniture be inspected immediately upon arrival.** If a shipment is received damaged, whether such damage is concealed or obvious, it is the purchaser's responsibility to properly note the damage. Do not refuse merchandise damaged in transit, as Taylor is not responsible for damage to goods that occur in transit or storage. If damage does occur, immediately follow these steps to expedite the claims process:

For Visible Damage:
1. Note damage on bill of lading (delivery receipt) and have driver sign.
2. Note damage on packing list.
3. Hold all packaging materials.
4. Contact Taylor Desk Customer Service to request Damage Notification Form.
5. Complete Damage Notification Form and return via fax to Taylor Desk within 5 days.

For Concealed Damage:
1. Open package and inspect contents within 5 days of receipt. (Carrier liability ceases after 5 days and the carrier will not be responsible for concealed damages.
2. Follow steps 2-5 above.

If an item is determined to be field-repairable, please also submit a quotation for the repairs. **If repairs are made locally, repair charges will not be accepted unless approved in advance by Taylor Desk.**

Returns
No furniture may be returned for credit, inspection, or repair without first obtaining factory approval and a return authorization number. In the event of a credit by agreement, a handling charge of 30% will be deducted from the credit issued. **No furniture will be accepted unless a return authorization number is referenced and return transportation charges are prepaid. All furniture being returned must be properly packaged in its original or comparable replacement packaging to ensure protection of the product during handling and transportation.**

PRODUCT INFORMATION

Veneers
Hand selected, book-matched, American Black Walnut veneer is meticulously prepared and laid up onto the highest quality substrate in Taylor Desk's own Panel Department. All panels are produced using three-ply balanced construction to discourage warping.

In addition to the standard veneer grain, Diamond and Reverse Diamond Pattern Veneer grains are available. These veneer faces are expertly crafted by hand to produce a very impressive table top. Walnut Burl veneer is also available on all desk and conference table tops, as well as other Heritage items (see specific product item for availability). Walnut Burl is a natural grain character occurring in some Walnut logs that results in a very distinctive top. See page 6 for additional information on Pattern Veneer grains and Walnut Burl.

Tops
All Heritage Series tops are 1¼" thick, with the exception of the following: overhang tops on desks and credenzas are built up to a 2" thickness, while all tops on conference tables 96" in length and greater are built up to a 2½" thickness. All tops, regardless of thickness are produced using three-ply balanced construction with solid American Black Walnut surrounding the top and elegantly shaped in a traditional style. See page 5 for additional information on Heritage Series tops.

Moldings
Solid American Black Walnut horizontal bead molding is a standard accent on the Heritage Series. Solid American Black Walnut Picture Frame Accent Molding may be added as an option to further accentuate the traditional styling. See page 7 for more details.

Drawers
All drawers are constructed as a four-sided box, using finger joint dovetailing. This technique ensures superior structural integrity and easy drawer front replacement. Drawer fronts are attached to the four-sided box and have vertically matched veneer over the entire set, ensuring each pedestal has a consistent appearance.

Each drawer front is individually banded with solid American Black Walnut that is shaped to complement the overall traditional style. Seven-ply laminated Maple is used for all drawer sides. Maple veneered bottoms are ¼" thick and grooved into drawers on all sides. Drawer interiors are UV-lacquered for a smooth, durable finish. Optional Black Velvet Drawer Inserts are available in tray drawers and center drawers.

Drawer Hardware
Drawer and door hardware is standard with Heritage Series and is available in several styles and finishes. Refer to page 5 for a complete description of drawer and door hardware.

Drawer Suspensions
File drawers utilize full extension, progressive action ball bearing Accuride® suspensions. The full extension slides offer maximum filing capacity. Box drawers utilize ball bearing Accuride® suspensions with ¾ extension.

Filing Capabilities
All file drawers are equipped with extruded aluminum hardware that can be easily configured to accept either letter or legal size filing. All desk, return, and credenza pedestals are legal width, unless otherwise specified in the price book.

Locks
Locks are standard on all desk pedestals and lateral file units. Locks are also available on other pedestals and storage units as an option. Lateral file locks utilize an anti-tilt device for user safety. Removable lock cylinders provide for keying alike or re-keying in the field, which offers flexibility and security even when users change. When ordering furniture, list product by office and tag accordingly. Failure to assign and tag may result in random key number assignments.

Adjustable Glides
Polymer glides with a threaded metal stem and "T" nuts, which are set in solid lumber, allow a 1" adjustment to accommodate uneven floors. Proper leveling is essential to the alignment and function of doors and drawers. Improperly leveled units may result in misaligned doors and drawers and may impair locking mechanisms or other functional hardware.

Standard Finishes
Taylor Desk features a high quality, catalyzed lacquer finish, resulting in a beautiful satin sheen surface. Heritage Series is standard with a semi-filled finish. Careful attention is paid to the staining and shading process, however, due to the inherit varied characteristics of wood, certain variations will occur, thus emphasizing the natural beauty of real wood. **The finish samples provided by Taylor Desk represent the average color of the finish. Finishes may vary due to variations in wood grain, texture, and density. Taylor Desk cannot accept responsibility for the finish to remain true over a period of time.** Standard Heritage Series finishes are:

RCL	Royal Cherry on Walnut	**MHL**	Mahogany on Walnut
LWL	Light Walnut on Walnut	**SMK**	Smoke on Walnut
ESP	Espresso on Walnut		

When ordering additional product for an existing installation, please submit a finish sample (i.e., drawer front) with your order since aging and mellowing of wood finishes occurs over time.

Special Finishes
Taylor Desk products are available with special finishes to commercially match **the color** of existing woodwork, architectural details, or other special conditions. Taylor Desk, however, cannot match the unique grain pattern of a particular species of wood. Submit a finish sample to be matched to the Taylor Desk Customer Service Department. A counter sample will be developed and returned for approval. Production will begin upon receipt of written approval of the sample.

Special finish orders are not cancelable. A one time, per color formulation charge of $200 net, plus an upcharge per order, will be determined based upon complexity of the finish. If special finish orders involve both Taylor Desk and Taylor Chair, both Customer Service Departments should be notified to ensure proper coordination. Orders for discontinued finishes will be treated as special finishes and are subject to all special finish charges. Once a special finish has been formulated, it will be assigned a special finish number. To avoid another formulation charge, please be sure to specify this special finish number on future orders.

NOTE: Heritage Series worksurfaces and table tops are available with a premium, full-filled, hand-rubbed finish. For more information, see page 6.

Finish Care and Protection
Taylor's catalyzed lacquer finishes should be maintained regularly by dusting with a soft, damp cloth. Polishing is not recommended more than 4-5 times per year and only with a high quality, non-silicone product.

Fine wood furniture should not be exposed to strong sunlight, heat outlets, open windows, or dampness. These environments may cause premature fading or warpage. When spills occur, they should be blotted up as quickly as possible. Avoid placing damp objects and hot items on surfaces without coasters. Consideration should be given to the use of synthetic or plastic pads which may cause a reaction to the finish. Taylor Desk is not responsible for markings on any surface caused by any writing instrument, as well as sharp or abrasive objects.

HARDWARE

Drawer and door hardware is standard with Heritage Series. Hardware is offered in three different styles (Heritage, Sterling, and English) with their corresponding finishes listed below. Knobs are used on Overhead Storage Units, unless otherwise indicated. Specify hardware and hardware finish by adding their corresponding letter designation to the end of each model number.

Heritage (-HE)
Antique Brass **(-AB)**

Sterling (-ST)
Antique Brass **(-AB)**
Satin Nickel **(-SN)**

English (-EN)
Antique Brass **(-AB)**

EDGE DETAILS

Casegoods
The Heritage traditional edge detail is shaped from solid American Black Walnut surrounding the top. All standard casegood tops are 1¼" thick, while overhang desk and credenza tops are built up to a 2" thickness.

Conference & Meeting Tables
The Heritage traditional edge detail is shaped from solid, American Black Walnut surrounding the top. Conference table tops under 96" and round meeting table tops are 1¼" thick. Conference table tops 96" and longer are built up to a 2½" thickness.

Standard Heritage Tops (1¼" thick)

**Conference Table Tops Under 96" &
Round Meeting Tables (1¼" thick)**

Overhang Desk and Credenza Tops (2" thick)

Conference Table Tops 96" & Over (2½" thick)

DESK AND WORKSURFACE OPTIONS

Patterned Veneer and Walnut Burl Worksurface Option
Heritage desk tops are standard with book-matched, American Black Walnut veneer. In addition to the standard veneer, tops are available with a Black Leather Inset (only available on certain desktop sizes), Diamond Pattern Veneer, Reverse Diamond Pattern Veneer, and a Walnut Burl veneer. Walnut Burl tops are hand selected for their unique character, contrast, and grain pattern. Due to these unique qualities, each Walnut Burl top will vary in appearance. In addition, Walnut Burl tops have varying contours throughout the top.

Please refer to each product item for availability and pricing of special worksurface options.
Leather Inset Desktop with Gold Embossing

Walnut Burl Veneer

Reverse Diamond Patterned Veneer (Diamond Pattern also available)

Full-Filled Worksurface Option
Heritage Series worksurfaces and table tops are available with a premium, full-filled, hand-rubbed finish. Tops are polished to a full gloss. The full-filled finish is available on standard veneer, pattern veneer, and Walnut Burl veneer tops at an upcharge. Add the following upcharges to the list price:

Desk Tops	**+$935**
Returns and Bridges (up to 48")	**+485**
Returns and Bridges (over 49")	**+525**
Corner Units	**+500**
Credenzas (up to 84")	**+575**
Credenzas (over 85")	**+725**
Lateral Files	**+425**
Occasional Tables	**+175**
Conference Tables (Round Tops, up to 48" diameter)	**+665**
Conference Tables (Round Tops, over 49" diameter)	**+1050**
Conference Tables (Arc, Boatshape, Rectangular Tops, up to 120")	**+1250**
Conference Tables (Arc, Boatshape, Rectangular Tops, over 121")	**+2950**

Laminate Worksurface Option
As part of Taylor Desk's custom capabilities, HPL-laminate worksurfaces are available at a 10% upcharge, with a $100 net minimum (a higher upcharge may apply to specially priced laminates). Purchase orders with a laminate option must include: Manufacturer's Name; Laminate Name; and Laminate Number.

Taylor Desk will **not** automatically match the wood finish to the laminate selection. If a wood finish match is required, it must be specified on the order and may require an additional special finish upcharge. Taylor Desk reserves the right to decline a laminate that may not be suitable for the application. Taylor Desk assumes no responsibility for the durability, consistent coloration, or any other performance characteristic of a customer-specified laminate. **Please check with Customer Service regarding laminate lead times, special finish requirements, and pricing.**

HINGED DOOR OPTIONS

Panel doors are standard for all hinged doors. Panel doors feature book-matched, American Black Walnut veneer and banded with solid Walnut which is shaped in a traditional detail.

Optional Inset Panel Doors are available with either glass, wood veneer, or brass grill panels set into solid wood frames. Please refer to each product item for availability and pricing.

**Glass Inset Panels**   **Wood Inset Panels**   **Brass Grill Inset Panels**
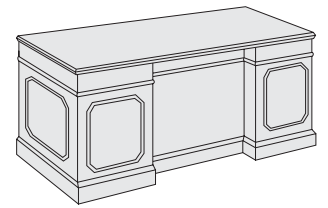

PICTURE FRAME ACCENT MOLDING

Heritage products can be enhanced with optional Picture Frame Accent Molding. Accent Molding is made from solid American Black Walnut and shaped to the same detail as the horizontal bead molding surrounding the case. Please refer below for availability and pricing of Picture Frame Accent Molding.
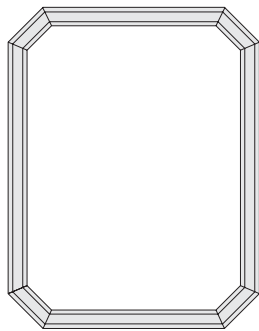

NOTE: Configurations where components are adjacent to other components, Picture Frame Accent Molding will be eliminated.
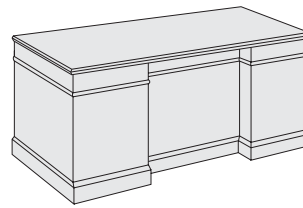

Desk with Standard Molding

Desk with Optional Picture Frame Accent Molding

Picture Frame Accent Molding not available on AV/Media Cabinet doors.

POWER | DATA ACCESS AND WIRE MANAGEMENT
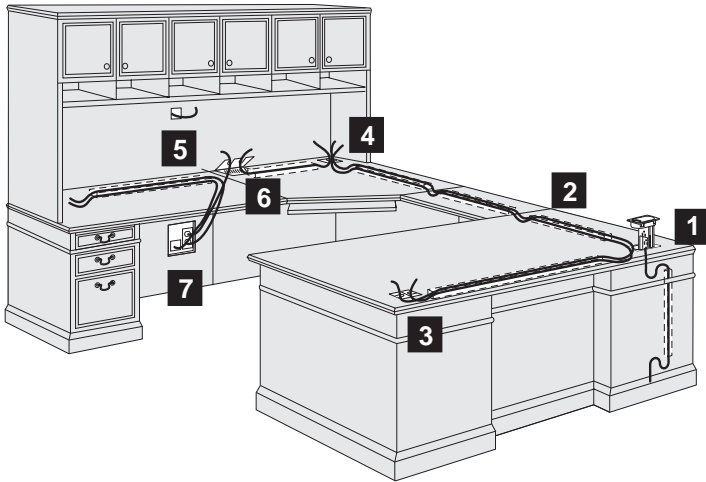

Taylor Desk offers a variety of power/data access and wire management options (see Techno-Components on page 11 for a complete listing). These components allow access to floor and wall electrical/data outlets, as well as manage wires from auxiliary lighting and electronic office equipment. NOTE: Electrical components are U.L. listed. Compliance with electrical and building codes are the sole responsibility of the customer.

1. Retractable Power/Data Center
2. Wire Management Channel
3. Double Wire Grommet
4. Single Wire Grommet
5. Single Wire Grommet (vertical)
6. Recessed Power/Data Center
7. Wire Access Panel

STANDARD GROMMET LOCATIONS

Standard grommet locations for worksurfaces and vertical modesty panels are shown below. When specifying a Wire Management Grommet, the grommet location must be included. Add the location suffix to the grommet model number (i.e., WG-1-KSC). See the grommet location key to the right. Wire management for Task Lights may be routed through the back panel of Overhead Storage Units directly behind the Task Light. To specify, add **-TLG** to the model number. Task Light wire can also be run behind Accoustical Tack Panels and through Worksurface Grommets, when specified.

Location Key:			
-L	Left	**-KSL**	Kneespace Left
-C	Center	**-KSC**	Kneespace Center
-R	Right	**-KSR**	Kneespace Right
-TLG	Task Light	**-VML**	Vertical Modesty Left
		-VMR	Vertical Modesty Right
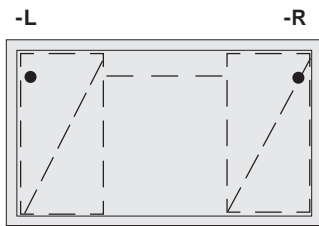

Double Pedestal Desk, Flush Top
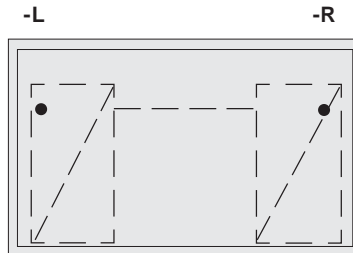

Double Pedestal Desk, Overhang Top
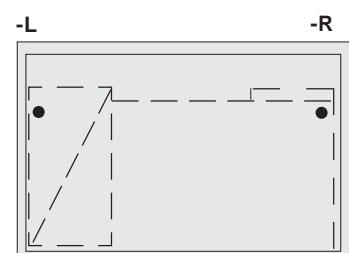

Single Pedestal Desk, Overhang Top
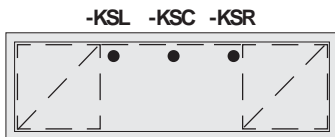

Credenza, Center Kneespace
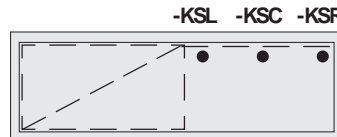

Credenza
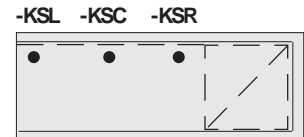

Return, plan view
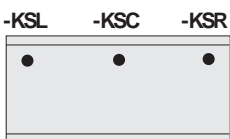

Bridge Unit
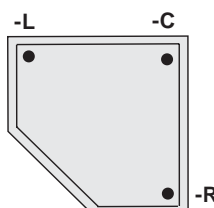

Corner Unit

Vertical Panels
Grommets may also be specified for vertical modesty panels **in open kneespaces only**. Vertical Modesty Grommets will be positioned 3" below the worksurface. To specify, add **-VML** (Vertical Modesty Left) or **-VMR** (Vertical Modesty Right) to the model number.
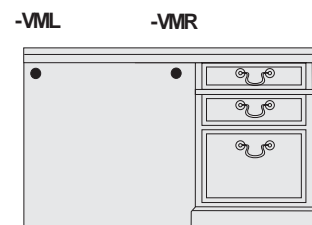

Return, elevation view

TECHNO-COMPONENTS

RPC **RPC-D**
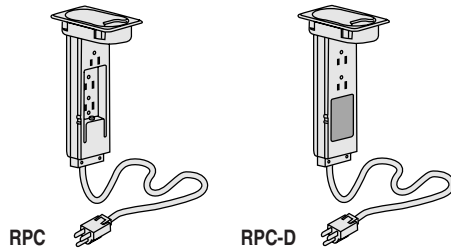

Retractable Power Center

Retractable Power Centers provide full access to electrical outlets at the worksurface by sliding up in a slotted track and then retracting to a concealed position. Centers are available in matte black and are equipped with 15 Amp circuit breaker and 6 ft. cord. U.L. and C.S.A. listed.

RPC	Four Electrical Outlets	$240
RPC-D	Two Electrical Outlets and Slot for Voice and Data Modules*	220

*Taylor Desk does not supply these modules. For information on ordering modules that best meet your requirements, please contact **AMP Product Information Center at 1-800-522-6752** or **Panduit at 1-800-777-3300**.
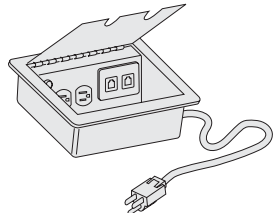

Recessed Power|Data Center

Recessed Power Centers provide full access to electrical and voice/data outlets at the worksurface. Centers are flush to the worksurface and are available in matte black. Suitable for individual workstations or conference tables, each center is equipped with two electrical outlets, two voice/data outlets, 15 Amp circuit breaker, and 6 ft. cord. U.L. and C.S.A. listed. Please submit a dimensioned drawing to specify position.

REC-PC	4 5/8" x 8 1/8"	380
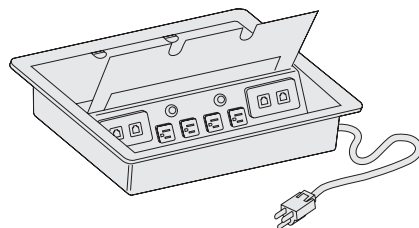

Recessed Power|Data Center (Multi-User)

Recessed Power Centers provide full access to electrical and voice/data outlets at the worksurface. Centers are flush to the worksurface and are available in matte black or wood veneer. Suitable for conference tables, each center is equipped with eight electrical outlets, eight voice/data outlets (four on each side of this double unit), 15 Amp circuit breaker, and 6 ft. cord. U.L. and C.S.A. listed. Please submit a dimensioned drawing to specify position.

REC-PC-MU	11" x 13½" Matte Black Doors	1150
REC-PC-MUWD	11" x 13½" Wood Veneer Doors	1350
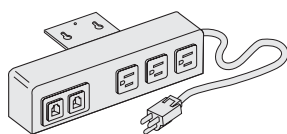

Power Strip

Power Strips provide full access to electrical and voice/data outlets beneath the worksurface for front access. Each Power Strip is equipped with three electrical outlets, two voice/data outlets, 15 Amp circuit breaker, and 6 ft. cord. U.L. and C.S.A. listed. Power Strips may be field installed. For factory installation, please submit a dimensioned drawing to specify position.

POW-STP	3" x 12" x 2¾" H	345
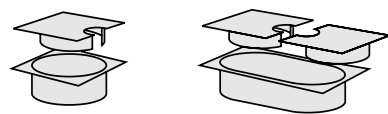

WG-1 **WG-2**
WG-AB or WG-SN
Wire Access Grommets

Wire Access Grommets are furnished with a matte black or antique brass cap. Please specify standard factory grommet position (refer to page 10 for standard positions). To specify non-standard positions, orders must be accompanied by a dimensioned drawing.

WG-1	1 7/8" Diameter I.D. (Matte Black)	80
WG-2	1 7/8" Diameter x 4¼" I.D. (Matte Black)	100
WG-AB	2½" Diameter I.D. (Antique Brass)	120
WG-SN	2½" Diameter I.D. (Satin Nickel)	120
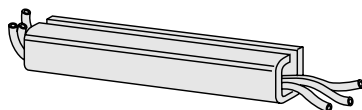

Wire Management Channel

Wire Management Channels are attached horizontally or vertically to modesty, back, or end panels below the work surface, please specify position for:
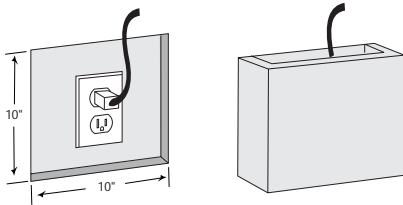

WCDP	Double Pedestal Desk or Credenza	70
WCSP	Single Pedestal Desk or Credenza	80
WCRB	Return or Bridge	60
WCCU	Corner Unit	70
WCF	48" section, trim to fit for field installation	45

WORKSPACE ACCESSORIES

| Model #	Dimensions	List Price

Wire Access Panel   Shown Closed

Wire Access Panels provide access to wall mounted power/data outlets through a 10" x 10" opening on credenza, return, or bridge modesties/back panels. Wires can still pass through when removable door panel is in place. Standard position is centered (left-to-right) in any open kneespace, while the bottom of the Wire Access Panel is 10" to the floor. To specify non-standard positions, orders must be accompanied by a dimensioned drawing.

WAP-M	10" x 10" H	$215
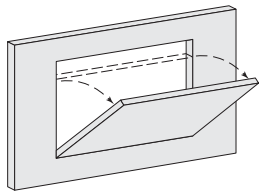

Hinged Modesty for Wire Access

A hinged modesty panel allows wall access and may be specified for returns, bridges, or credenza kneespace areas 32" wide or longer. A wire management cut-out is provided with all hinged modesties.

	18" x 26"	240
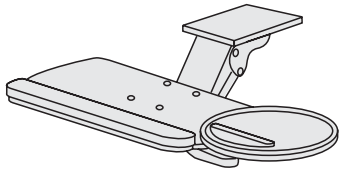

Articulating Keyboard Tray with Articulating Mousepad

Articulating Keyboard Tray with Articulating Mousepad is mounted below the worksurface and adjusts from worksurface level to 6" below, 15° tilt and 360° rotations. Fully retractable to store with a minimum intrusion to kneespace. All adjustments lock to position. Swivel/tilting mousepad may be mounted on the right or left side. Both tray and mousepad include gel wrist rests. Matte black finish.

AK-MP2	Tray: 10¼" x 20"	470
	Mousepad: 9"W x 7½"D	
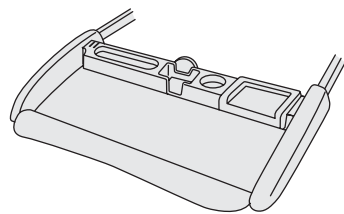

Pull-Out Keyboard Tray with Mousepad

Pull-Out Keyboard Tray with Mousepad. Tray tilts -7°, -3.5°, and neutral. Locks into three positions. Fully retractable to store with a minimum intrusion to kneespace. Tray includes gel wrist rest and several storage compartments for supplies. Mousepad may be positioned on the right or left side. Matte black finish.

PK2	9¼" x 25½"	395
	includes mousepad	
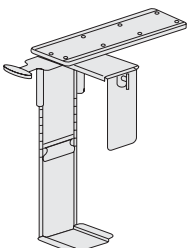

CPU Holder (under worksurface)

CPU Holder stores the CPU vertically beneath the worksurface to protect against contaminants and saves workspace. Holder adjusts to support most CPU sizes and includes a track with 13" in/out adjustment range, 360° swivel for easy access to back panel, and an integrated handle to assist with the slide and swivel features. Matte black finish.

CPUH	17¾" D	375
	3¼" - 8½" W	
	13½" - 24" H

13
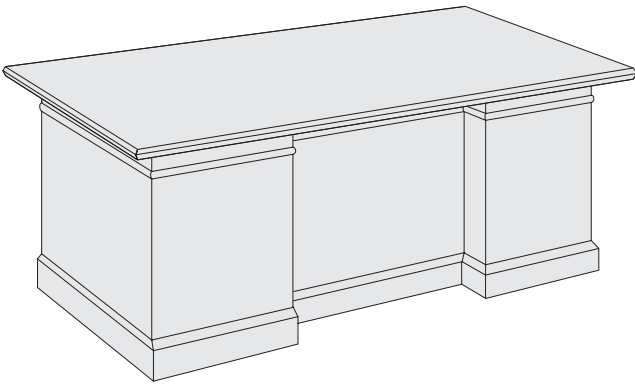

DESKS

Double and Single Pedestal Desks, along with Table Desks, Conferencing Desks, and Run-Off Desks are available in several sizes. Tops are either flush to the case or overhang. Rectangular and Bow Front tops are available on desks. Desk pedestals are standard with Tray | Box | File drawers in letter-width or legal-width. File drawer fronts are styled as two box drawers. A pull-out writing board is standard on all desk pedestals. An additional pull-out writing board is standard on the approach side of all Flush Top Desks. Double Pedestal Desks include center drawers and a central locking device.
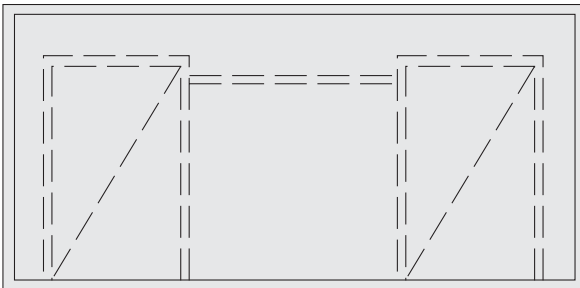

Overhang Tops

Desk tops are available with an overhang on three sides (desk front and sides) or a front only overhang. See each product description for specific overhang dimensions. Overhang tops are built up to 2" thick.
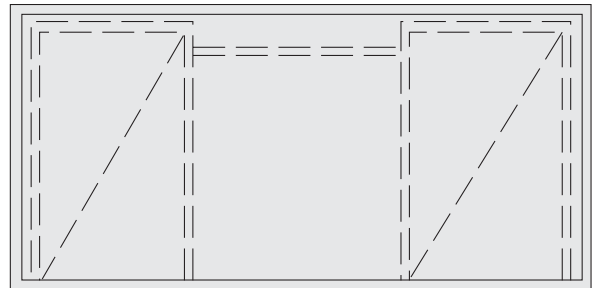

Flush Tops

Desks may be specified with a flush case and top. Standard flush desk tops are 1¼" thick.
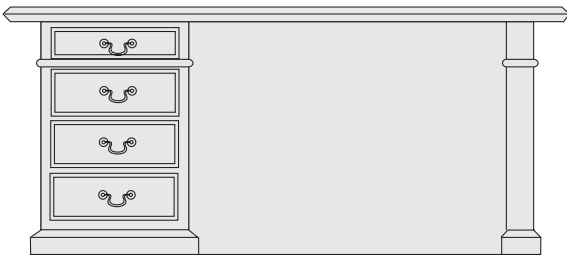

Single Pedestal Desks

Single Pedestal Desks are offered to make L-Shape and U-Shape configurations using Returns, Bridge Units, and Credenzas offered in the Heritage Series. When Returns or Bridge Units are specified to be used with Single Pedestal Desks, the tops will automatically aligned. Modesty panels will be adjusted where required to fit properly.

Center drawers are optional on Single Pedestal Desks and must be specified separately. Locks are standard. **When specifying a Single Pedestal Desk, indicate left or right pedestal position (as you are sitting at the desk).**
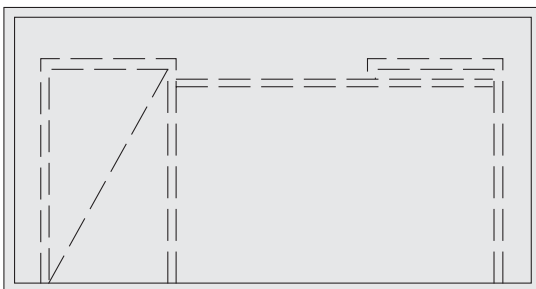

DESKS - CONFERENCING AND RUN-OFF
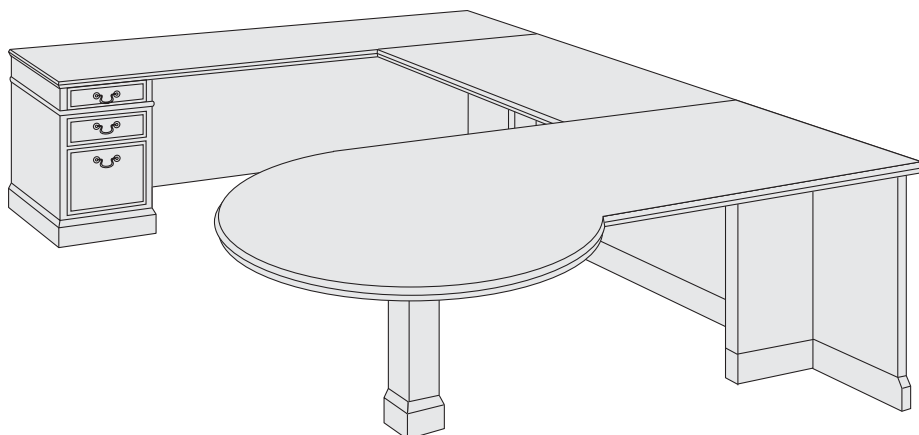

Free-standing Conferencing Desks are available with an Arc End, Bullet, or P-Top shape. Conferencing Desks may be used with Returns or Bridge Units and Credenzas to configure L-Shape or U-Shape units. Conferencing Desks feature a square column support leg. Modesty panels are optional. **Specify Conferencing Desk end to the left or the right (as you sit at the desk). In addition, specify P-Top conference round in or out.**

▼ **Conferencing Desk**
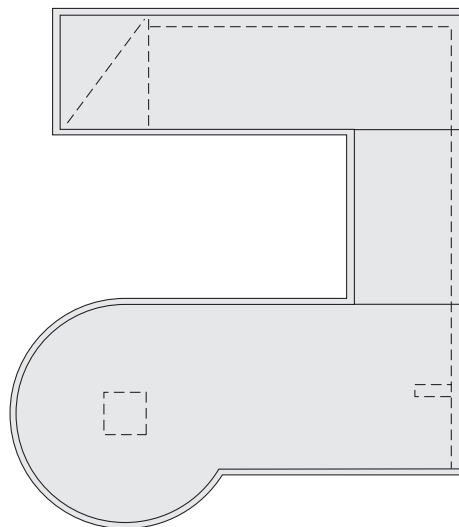

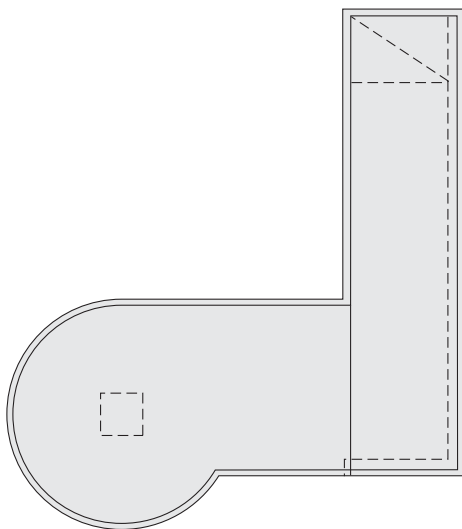

▲ **Run-Off Desk**

Run-Off Desks are not free-standing and must be attached to a Credenza. Run-Off Desk tops are available with an Arc End, Bullet, or P-Top shape. Tops incorporate a reverse edge detail where it attaches to a Credenza top to ensure a snug, gap-free fit. Run-Off Desks feature a square column support leg. Modesty panels are optional. **Specify Run-Off Desk end to the left or the right (as you sit at the desk). In addition, specify P-Top conference round in or out.**

Lateral File Return

MODULAR RETURNS | COMPONENTS

Return Units may be configured using available worksurfaces, modesties, and components. It is not necessary to order an end panel with a component, as they are self-supporting. Flush tops are standard on all Modular Returns. For overhang tops, please specify.

End Trim Molding should be specified for any Return Unit that is not adjacent to another unit. Return Units must be specified as a left or right return (as you are sitting at the desk). **All Modular Returns will be configured with a flat side unless End Trim Molding is specified. End Trim Molding will add 1" to the overall length of the Modular Return.**

To specify, include:
- Model Number
- Wood Finish
- Hardware Style
- Hardware Finish
- Left or right sitting
- List components left to right
- End Trim Molding

Wood Finishes
- **RCL**   Royal Cherry on Walnut
- **LWL**   Light Walnut on Walnut
- **ESP**   Espresso on Walnut
- **MHL**   Mahogany on Walnut
- **SMK**   Smoke on Walnut

Hardware Style & Finish
- **HE-AB**   Heritage (Antique Brass)
- **ST-AB**   Sterling (Antique Brass)
- **ST-SN**   Sterling (Satin Nickel)
- **EN-AB**   English (Antique Brass)

MODULAR CREDENZAS
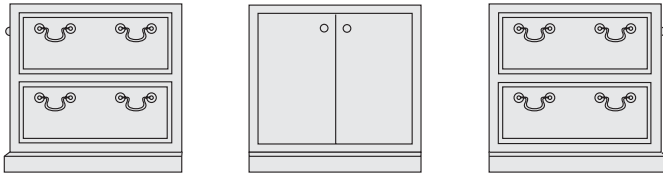

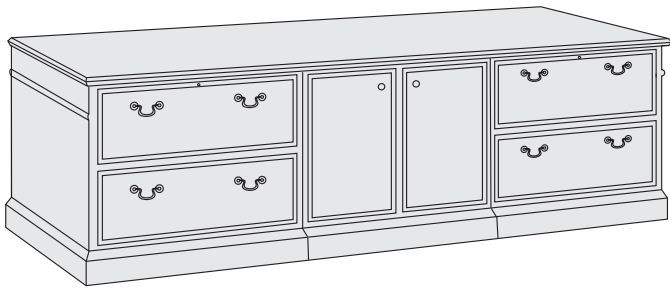

Credenzas may be specified to meet every requirement. Worksurfaces, modesty panels, drawer pedestals, filing pedestals, and storage components are available to configure into unlimited combinations. To specify:

- **Select a worksurface.** One piece tops are available up to 118". When a longer top is required, two or more tops can be ganged together. Flat edges will allow the tops to form a tight joint.

  Modular Credenza worksurfaces have flat (no edge detail) on each end. Specify End Trim Molding where required.

- **Select all components**, listing them left to right as you face the Credenza.

- **Specify kneespace** where required. If kneespace is at either end of Modular Credenza, an End Panel is required.
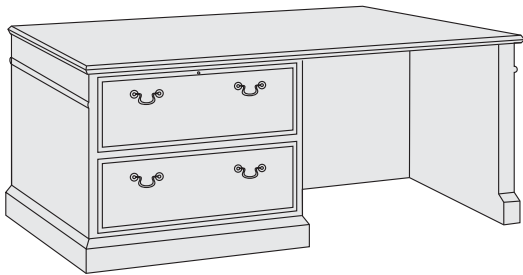

When incorporating a Credenza for a U-Shape configuration, a kneespace must be specified where the Bridge Unit attaches to the Credenza. In addition, an End Panel must be specified for the end of the Credenza if no component is present.

NOTE: A drawing must be submitted with all orders for Modular Credenzas. Taylor Desk is not responsible for correct positioning of components unless a configuration drawing is submitted.
End Trim Molding
End Trim Molding should be specified for Modular Credenzas unless units are to be positioned next to other Credenza or Storage Units. Otherwise, Modular Credenzas will have flat sides to allow a tight joint between units.

Flat Side　　　　**With End Trim Molding**

MODULAR CREDENZAS | COMPONENTS

All Modular Credenzas will be configured with flat sides unless End Trim Molding is specified. End Trim Molding will add 1" to the overall length for each end specified. Flush tops are standard on all Modular Credenzas. For overhang tops, please specify.

For non-standard length worksurfaces, go to the next larger size and add $250 to the list price.

To specify, include:
- **Model Number**
- **Wood Finish**
- **Hardware Style**
- **Hardware Finish**
- **Left or right sitting**
- **List components left to right**
- **End Trim Molding**
- **Configuration drawing**

MODULAR WORKWALLS

Modular Workwalls may be configured using a combination of several different groups of components: Credenzas, Overhead Storage, Top Units, Storage Towers, Full Height Storage Units, and Bookcases.

All components have flush sides to ensure proper continuous alignment of the Modular Workwall. End Trim Molding should be specified for outside left and right sides of the Modular Workwall.

NOTE: A drawing must be submitted with all orders for Modular Workwalls. Taylor Desk is not responsible for correct positioning of components unless a configuration drawing is submitted.
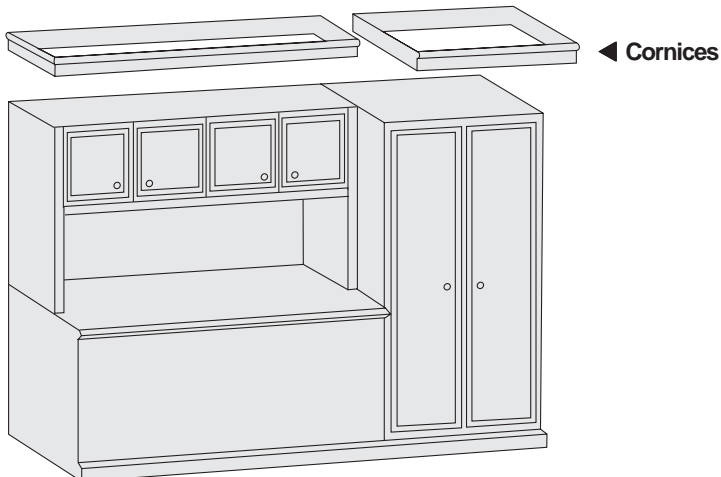

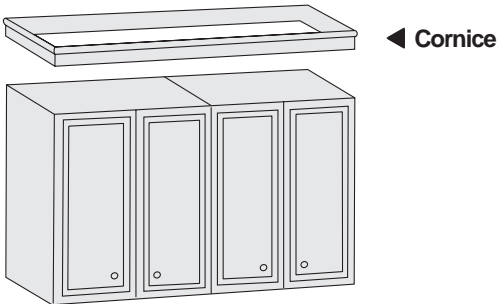

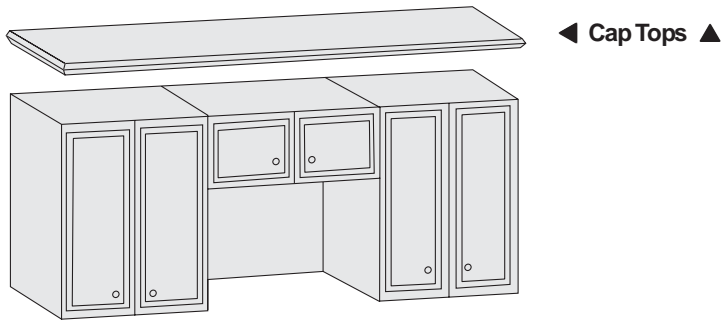

A Cap Top or Cornice must be specified for all Overhead Storage Units, Credenza Top Units, Storage Towers, and Full Height Storage Units. Adjacent units with the same depth should be specified with a continuous Cap Top or Cornice to ensure a proper fit. **The Cap Top or Cornice is included in the list price of all Overhead and Full Height Storage Units, but must be specified separately.**

As with other workwall units, Cap Tops and Cornices are flat on each end, specify End Trim Molding where required. End Trim Molding adds 1" to the overall dimension for each end specified. The overall height of units with a Cap Top is 72", with a Cornice is 75".

To specify a Cap Top or Cornice, see below for available sizes and model numbers:

◄ Cap Tops ▲

◄ Cornice

◄ Cornices

35

OVERHEAD STORAGE | GABLED PEDIMENTS
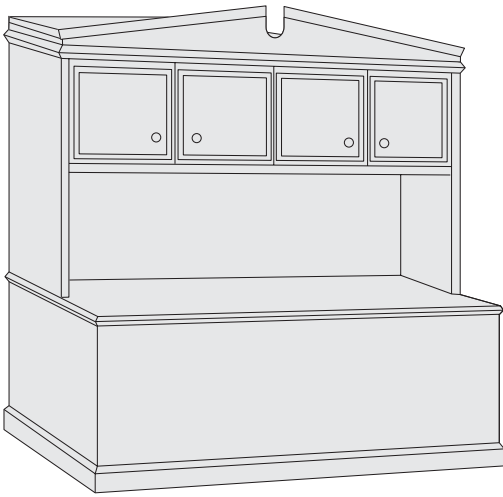

Full Height Storage Units and Overhead Storage Units with Credenzas are 72" high overall when specified with a Cap Top. When a Cornice piece is specified, the overall height is 75".

A Gabled Pediment is available in specific sizes and may be used with either a Cap Top or Cornice piece. The Gabled Pediment adds 6" to the overall height.

Gabled Pediments:

Model #	Dimensions	List Price
HEGPED35	15"D x 35"W	$550
HEGPED70	15"D x 70"W	600
HEGPED76	15"D x 76"W	650
HEGPED82	15"D x 82"W	700
HEGPED235	23"D x 35"W	625
HEGPED270	23"D x 70"W	675
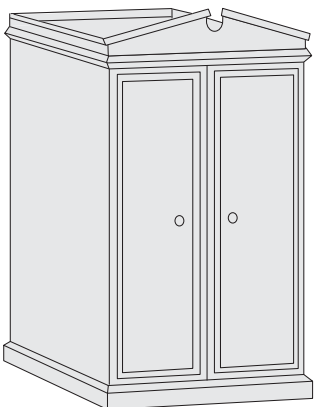

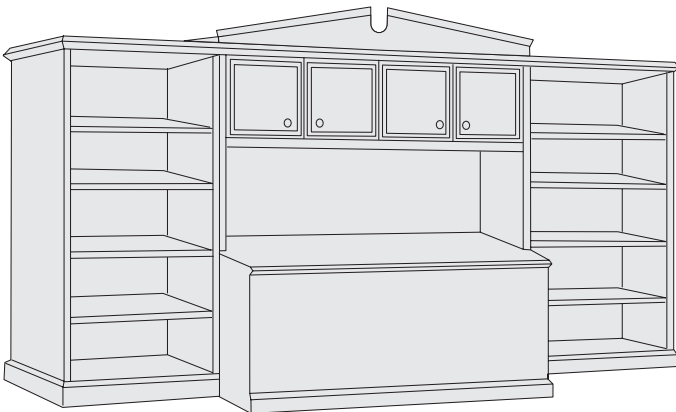

OVERHEAD STORAGE | DOOR OPTIONS
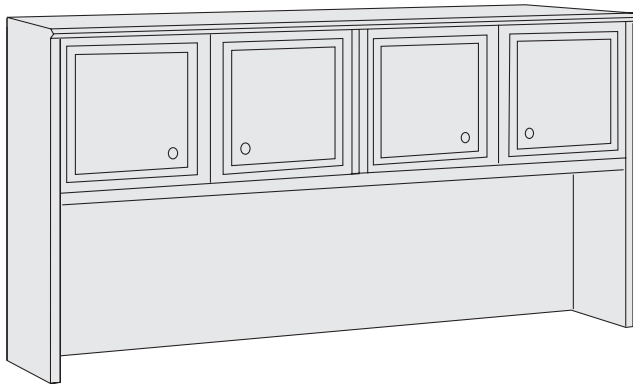

Standard doors for Top Units and Storage Towers are flat panel with a shaped detail around the perimeter of the door. A solid, American Black Walnut raised panel style door is available with options for the inset panel. Raised panel door inset options include: glass, wood, and brass grill.

Storage Towers are also available with optional glass shelves when using the glass or brass grill inset panels. In addition, optional interior cabinet lighting is available for Top Units and Storage Towers. Glass shelves are recommended when using interior cabinet lighting.

Pricing for optional inset panels, glass shelves, and interior cabinet lighting can be found on product pages 38-40.

Glass Inset Panels   **Wood Inset Panels**   **Brass Grill Inset Panels**

LATERAL FILES

	Model #	Dimensions	List Price
• Accommodates letter or legal width filing • Anti-tilt safety device • Locks included	**HE2037L**	20" x 37" x 29"H	$2095
	HE2437L	24" x 37" x 29"H	2195
	BURL	Walnut Burl Top	+540
Two Drawer Lateral File
	Model #	Dimensions	List Price
• Accommodates letter or legal width filing • Anti-tilt safety device • Locks included	**HE2037-4L**	20" x 37" x 54"H	3450
	HE2437-4L	24" x 37" x 54"H	3550

Four Drawer Lateral File
To configure multiple lateral files, the above stand alone units may be specified for left, center, or right positions. Lateral Filing Units are flush on sides where they adjoin other units to ensure a tight fit. An unlimited number of units may be used.

To specify Multiple Lateral Filing Units, please add **-LFT**, **-CTR**, or **-RT** to the model numbers listed above. For example, to configure a 4 unit wide file bank, specify:

1 - HE2437-4L-LFT
2 - HE2437-4L-CTR
1 - HE2437-4L-RT

In addition, Two Drawer Lateral Files may be used in combination with Four Drawer Lateral Files.

Heritage Conference Tables include a variety of options to provide table top access to power, voice, and data ports positioned according to user requirements. Wire management capabilities include routing and containment of wires, as well as the ability (through Base Access Doors) to reach power infeed locations.

Consider table size, top shape, base selection, and other options when determining the best solution for your power and wire management conferencing needs. Establish user requirements at the table top, including type and quantity of electrical and voice|data ports. Then, determine the location(s) on the table top for the selected options.

It is important to locate the source of power or power infeed for the conference room to determine the routing of wires. Several base styles are available with access doors to service infeed locations (see page 53).

Cube and Colonnade base styles will accommodate Recessed, Multi-User Power|Data Centers and be placed directly above the base. If other base styles are selected with the Recessed, Multi-User Power|Data Center, the component cannot be positioned directly above the base (see illustrations at right).
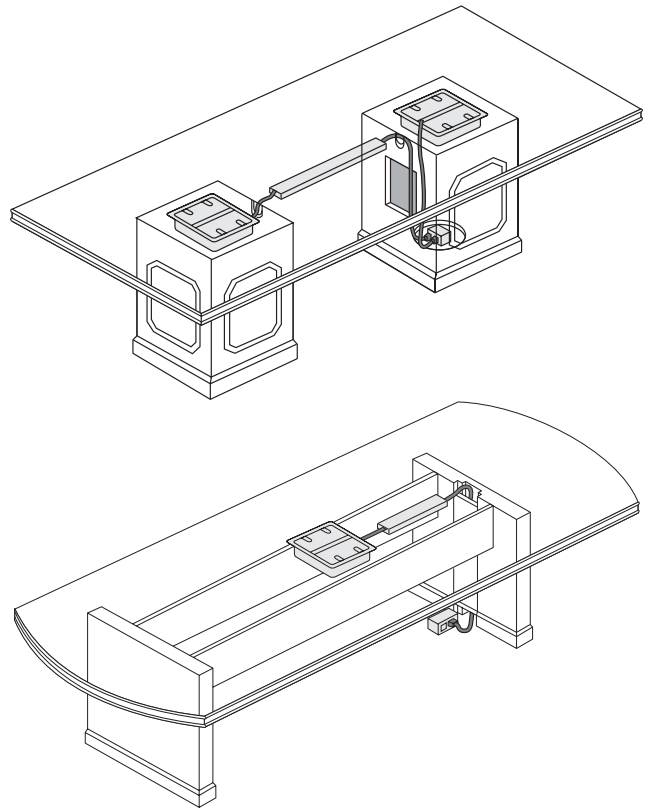

Base and Power Infeed Locations

When specifying Power|Data or Wire Management options, use the diagrams below to plan the location for power infeeds (floor monuments). Power and communication wiring can be routed within all five Heritage base options. The power infeed location point also indicates base position.

TECHNO-COMPONENTS
FOR CONFERENCE TABLES

Access Doors for Conference Table Bases allow servicing of cable connections and are available on the Cube and Colonnade Drum base styles. An open bottom and top with notched side access will be supplied for all bases ordered with Access Doors. Specify **-ACCESS DOOR** to the corresponding conference table base model number, then add to list price.

NOTE: Wires can still be routed through Panel, Queen Anne, and Duncan Phyfe bases.

Cube (-CBB)
+$180 | base

Colonnade Drum (-CLN)
+$250 | base

Panel (-PBS)
+$220 | base

Queen Anne (-QA)

Duncan Phyfe (-DP)
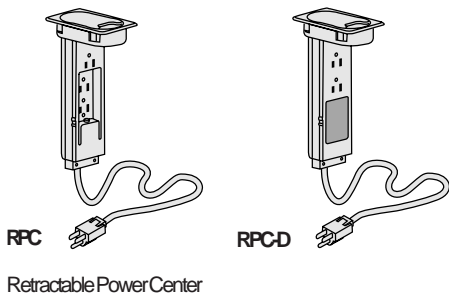

Model #	Description	List Price
	Retractable Power Centers provide full access to electrical outlets at the worksurface by sliding up in a slotted track and then retracting to a concealed position. Centers are available in matte black and are equipped with 15 Amp circuit breaker and 6 ft. cord. U.L. and C.S.A. listed.	
RPC	Four Electrical Outlets	$230
RPC-D	Two Electrical Outlets and Slot for Voice and Data Modules*	210
	*Taylor Desk does not supply these modules. For information on ordering modules that best meet your requirements, please contact **AMP Product Information Center at 1-800-522-6752** or **Panduit at 1-800-777-3300**.
